## PRESIDENTS COLUMN

I worry about taking trips with our old cars, many of our cars are over forty years old and some with the original motors untouched. This September the motor in my car was forty two years old and still going strong. I feel never overheating them and good preventive maintenance can maintain the longevity of the Corvair motor.

Our fall cruise was great; everyone appeared to have a good time. We had seven cars for the tour; four Corvairs Tim and Rita had their FC, Kevin and Gloria in their blue car, Gert and Ron in their silver turbo and bringing up the rear Barb and Dave in the late model. Jane and Nick, Sherry and Len, and Tina and Dick attended.

Our first stop was the Helvagood cheese store, we all stocked on their good cheeses; we next stopped at the Emporium and walked all three stories of antiques. While our cars were parked many people commented what beautiful cars we had. We drove back towards Syracuse and stopped at A farm stand with free cider and popcorn, some left with fresh vegetables. Our next stop was lunch, at Orbecker's, good food. We continued back toward Syracuse and drove along lake Ontario for more farm stands, as we approached one farm stand they had many sign for Honey Crisp apples, inside the stand they had samples of apples to test so I had to try the Honey Crisp and left with a bag of apples and a Hubbard squash. Barb waited in the car and I man walked by and said "boy I got to get one of these cars." I wish more people could find time to travel with us next year. Thanks Rita and Tim for a wonderful outing.

TIMS NOTES (YOUR EDITOR)

RAMBLINS from the editor.

Howdy

Well another month has slipped by us already.

We have had some great times this year already, shows , trips , and other meetings including fun and of course *food*!!

We hope to do lots more of the same this year..

**We are still very busy with our move. I am slowly building the new shop. Of course it is not big enough ...but I finally got the big truck empty and SOLD!! Boy the place looks better without it. Now to put all that "stuff" away.**

**Be thinking on our proposed display engines to take to shows. Maybe 2 would be in order. a cutaway unit and a running one. More input?? Sure would catch attention!!**

**How much can YOU help with this project?? If we all pitch in resources , we can make this a super display at a very minimal cost.**

**Come to the next meeting to hear more about this.**

**Do we have any graphics artists in the group that could help with design and construction , of a nice large (well , one that fits in a car or van) sign to take to shows?**

**We sure can keep busy this winter , if this all comes together. We are slowly getting a club website together with Lenny's's brother doing the hard part for us.**

Our tours all went well this year with pleasant surprises in respect to weather quality.

We had a great time , and nobody got lost this year. Our 2 ham radio operators help keep track of things well. The knack of smooth caravanning is still needing tweaking , but getting better as we go.

Please come to the next meeting.

Until next month

. Tim Colson

On September 22, 2007 a board meeting was called by Chairman Kevin Fear. The subject of the meeting was the problem of the four clubs. After some discussion, a letter was composed and sent to the Presidents of the other three clubs as well as Charles Facklam. We are awaiting their response.

Respectfully submitted,  
Sherry Smith  
Secretary

Corvair Club Meeting      October 5, 2007

The meeting was called to order at 7:00 by President Dave Robinson. The minutes of the September meeting were approved. The treasurer's report was given and accepted.

Old Business: Recall-- It was questioned as to whether we can get a bigger track for the moving events. We must work on this now as it will be a difficult job. We already have rooms reserved at the Microtel in Baldwinsville so we would like the moving events to be near-by. We need something to entertain the women. We are looking for ideas and research to back them up. We are thinking of adding another day to the Recall. Then we would have a day for a tour. Some of the tour ideas that were suggested were: a boat ride on Skaneateles Lake with lunch included, a tour to the Norwich Car Museum, a boat ride from Baldwinsville to Jack's Reef with lunch included. We will have more discussion on the matter.

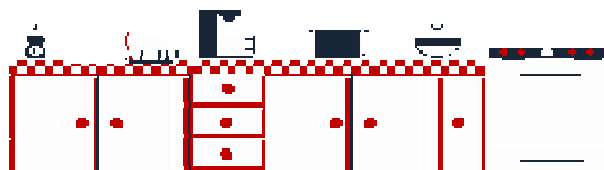

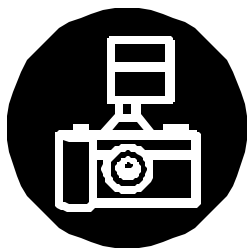

Nick Lombardo has been nominated for the office of Vice President. Phil Domser has been nominated as a member of the Board. Voting will take place next month.

The subject of having an Air Cooled Car Recall has been brought up. This would include VW's, Stanley Steamers as well as Corvairs.

New Business-- Tech sessions-- We have people in the club who could use some help on their cars. How about getting together every once in a while to help someone to do the work? Perhaps every other month or so.

The meeting was adjourned at about? 8:15.

Respectfully Submitted,  
Sherry Smith  
Secretary
