PRESIDENTS COLUMN

The other day one of the senior managers asked me if I had any idea why sales inside our convenience stores was down. My first and only thought was when you fill up your car at a cost of close to fifty dollars, not many dollars are left to spend inside a store for the average working person. One of the major insurance [health] will have an 8% increase in the cost of health insurance. I haven't heard of many people getting an 8% pay raise.

This leading to my concern with gas prices an average of 3.30 per gallon today and probably heading to \$4.00 dollars per gallon, I wonder how many people will forgo an extended trip to a car show. I hope enthusiasts will use a car show as a vacation time and come.

We need to have a show that will entice the whole family to want to come, and have a great time.

The club needs everyone to come up with ideas for our up coming Recall. With many options we should be able to pick the one that will make for a great outing for everyone.

Our Thanksgiving outing at Plainville Turkey restaurant was outstanding, what great food!! Attendance was down this year with 15 people attending. Barb received a call Monday that some people had the wrong date on the calendar, or our numbers would have been greater.

The car was placed for it's winter nap, with a fresh oil change and fuel additive in the gas tank. Still need to go back and pull the battery to bring back to the house and put on a battery tender.

Please get your menu to Rita for our Christmas dinner in January.

Hope everyone has a very happy Thanksgiving and Christmas. I love family time.

Hi everyone!

I will try to keep a running list of the upcoming months so you can plan ahead. If you have any suggestions or ideas you would think would be fun for meetings please be sure to call or E mail me.

NEW MEETING LOCATION;

Business meetings are now at Barbagallo's 6344 E Molloy Rd, E. Syracuse
Meeting will start at 7:00 but they'll have a waitress available for us from 5:30 so we can enjoy dinner before. We will have our own room and they will give separate checks.

Dec 6th. Business meeting 7:00 Barbagallo's, dinner available from 5:30

It was decided at the last meeting to NOT have a Dec event day due to the Holidays.

Jan 3rd. Business meeting 7:00 Barbagallo's, dinner available from 5:30

Jan 6th. Our After Christmas dinner at Tassone's in Baldwinsville. Menus were handed out at the boat tour and is printed in the Fan. I MUST HAVE RESERVATIONS FOR THIS ONE. When you call please have your menu choices to give me.

At the last meeting it was decided to have an additional day set aside every other month to have a working tech session. If anyone has a work in progress and needs help--- please let us know ASAP. This will start in January. If you have heated space available for the guys to work in we'll be glad to hold it there or if you don't but can bring the part you're working on, we'll find someone willing to have it at their house. If you need help in any way, PLEASE LET ONE OF US KNOW. Since all this has to be printed in the Fan, please do it as soon as you can. Don't be shy--- we're here to help each other. That said, our first working tech session will be.....

Jan 20th; working tech session---

We talked at the last meeting about using the first tech session to get the working engine project started. It was talked about just briefly at the last meeting so will all start here at our house and I'm sure we'll have lots more to talk about at the next meeting. All are welcome to attend and we'll be sure to have lots of coffee and doughnuts (and whatever) and can have one of our fabulous feasts afterwards. Tim's new garage is heated---you'll be very comfortable and what a great chance to learn from square one. We can make maps for you and have them at the next meeting and yes, we are in the country but within a mile of Rt 31 and less than a quarter mile from Rt 173. We're located at 1396 Daboll Rd, Memphis so mapquest us if that's easier for you but we'll get you here!

If you have any ideas please let me know. Everything is always subject to change. We now will have tech sessions every other month. If there's a particular subject that would be of interest to you please let Tim or I know so we can try to run with it. This takes ADVANCE planning so PLEASE try to let us know early enough.

Rita ---- call 689-3366 or E mail ritac44@aol.com or Tim at N2VZD@aol.com

per snow tires with less
than one season on them.
They are on mid size gm
wheels.
Call tim colson or better
yet email me for pictures.
\$100.00 obo

TIMS NOTES (YOUR EDITOR)

RAMBLINS from the editor.

Howdy

Well another month has slipped by us already.

We have had some great times this year already, shows, trips, and other meetings including fun and of course *food*!!

We hope to do lots more of the same type of fun things next year..

We are still very busy with our move. I am slowly building the new shop. Of course it is not big enough ...but I finally got the big truck empty and SOLD!! Boy the place looks better without it. Now to put all that "stuff" away.

Be thinking on our proposed display engines to take to shows. Maybe 2 would be in order. a cutaway unit and a running one.

We should build a trailer to put both on and the stuff to support the running one. More input?? Sure would catch attention!! I hope this idea flies, but someone else is going to have to help with it. It's a dirty job, but I bet it would become famous in a hurry around here!! plus it will be a darn good learning experience for a lot of people helping with it.

How much can YOU help with this project?? If we all pitch in resources, we can make this a super display at a very minimal cost. I am scrambling to get my shop usable for the January tech meeting. A long way to go yet, but there is still hope. I hope to do a "dirty hands" type session.

Come to the next meeting to hear more about this.

Do we have any graphics artists in the group that could help with design and construction, of a nice large (well, one that fits in a car or van) sign to take to shows?

We sure can keep busy this winter, if this all comes together. We now have a very nice club website together with Lenny's brother doing the hard part for us.

Our tours all went well this year with pleasant surprises in respect to weather quality.

We had a great time, and nobody got lost this year. Our 2 ham radio operators help keep track of things well. The knack of smooth caravanning is still needing tweaking, but getting better as we go.

Please come to the next meeting.

Until next month

. Tim Colson

(315) 689-3366 or N2VZD@aol.com

The meeting was called to order by President Dave Robinson at 7:00. Those present were: the Robinsons, the Dunlaps, the Colsons, Kevin Fear, the Lombardos, the Domsers, the Gaffneys and Len Smith.

the minutes of the previous meeting were accepted as was the Treasurer's report.

Old Business: It was discussed again to make the Friday of the Recall a full day. Rita mentioned possibilities for trips/tours.

Boats--Chittenango Canal / Skaneateles Lake

Trains--Old Forge

Brainstorm ideas and bring suggestions to next meeting. Focus on travel time of 30-60 minutes. Show engine--Dave has rescued a sign we can reuse to display with the engine. What information should be on the sign? We need to decide whether to build a full running engine or a cut away engine first and we must begin to gather parts.

Events--November 11--Plainville Turkey Farm. We need to return our After Christmas Party reservations to Rita for the January 6 party.

Website--It is up and running. We need more material for it. Tim will send Jim more information to include. Other ideas are welcome.

Recall--There has been discussion about having a youth group sell ice cream for their fund raiser. There may not be enough people attending to make it worthwhile for them.

It was agreed to invite other air-cooled vehicles to the Recall (VW and Franklin {not Stanley Steamer}). We need to develop a fee rate for showing non-Corvair cars.

New Business: There was a discussion of possible purchase of poster of John Fitch for display at events. No decision was made.

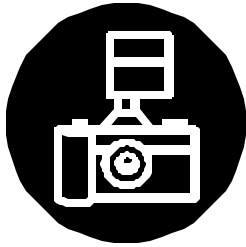

The meeting was adjourned at 7:55.

Respectfully Submitted

Len Smith

Acting Secretary

Kitchen Corner By Rita

Seafood Bake

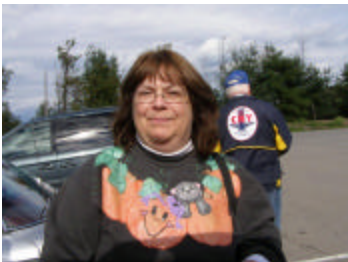

- ½ lb grated sharp cheddar
- 1 can asparagus spears, drained
- 5 oz lobster meat, chopped
- 6 oz crabmeat, chopped
- 5 oz shrimp
- 2 cans cream of mushroom soup
- 2 cans sliced mushrooms
- ½ c bread crumbs
- ½ c slivered almonds

Put asparagus spears in buttered casserole dish. Sprinkle with half of the cheese. Top with all the seafood. Combine the soup and mushrooms; spread over top. Then top with bread crumbs, the rest of the cheese and the almonds. Bake at 350° till bubbly.

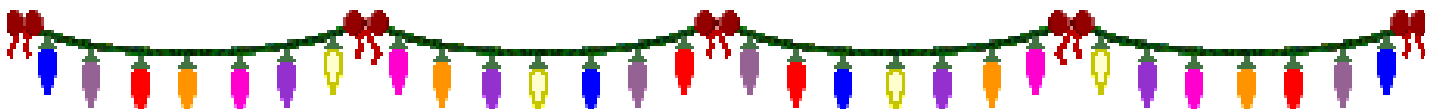

Pink Grapefruit Punch

- 4 c water, divided
- 2 Tbl confectioners sugar
- 2 c pink grapefruit juice
- 1 (12oz) frozen lemonade thawed
- 3 Tbl maraschino cherry juice

Combine ¼ c water with sugar and micro on high for 30 seconds; cool. Combine with remaining ingredients, including the remaining water. Chill before serving.

WOW!! This is some meal!!

Corvair Fans

Come and join the Central New York Corvair Club. We are a fun group! We have an outing every month and a business meeting once a month. We have tech sessions every once in a while. We would like new members and new ideas. We are a very social group and wives are always invited. For more information please call Sherry or Lenny Smith at 315-697-7596. We hope to see you at the next meeting.
