PRESIDENTS COLUMN

Rita and Tim did it again what a nice trip to The Jell-O Museum. They must have put in for a nice day because we had beautiful weather for a drive.

We had 17 people for the trip, with 4 Corvairs, Dave's FC, Fear's red 63 convertible, Hallstead's 61 Lakewood and Robinson's 66 coupe. Our first stop on the thruway was a small tech session, Lew had a small gas leak on one of his carbs and Dave had a good leak on both of the carbs. A screwdriver and an adjustable wrench fixed both problems.

If you find time go see the home and museum, both of the hosts were very knowledgeable and really funny and the display was great. I had changed jets in my carbs to size 51, better power now but cost about 2 miles per gallon lost. I only averaged 25.4 miles per gallon, which is still good. The 3.27 rear axle helps.

Recall is almost upon us; Lew is working hard for an autocross location. All other items are under control. Hope to see a lot of new faces and all past attendees for a great time.

We have a very nice trailer to mount our display drive train on. Thanks Dave. Tim has a good idea for a mount on the trailer. Our next tech session we must work hard to finish the display before Recall.

Thanks to Rita and Tim for the hospitality of their home and shop to work on our club display drive train

The meeting was called to order at 3:15 by President Dave Robinson. The minutes of the previous meeting were approved. The treasurer's report was accepted.

Old Business: We sincerely thank Dave McCarty for donating a trailer for the demo engine we are building for shows. We also need display signs to let people know what they are looking at. It must be a sign which is quick and easy to read. Recall-- Those who arrive on Thursday will meet at the Caboose in B"ville for food and a get-together. On Friday morning, we will leave B'ville at 7:15 to go to the museum in Norwich. We will leave Norwich at 11:00 to return to B'ville. Our boat tour will take place in the afternoon. It will cost around \$20 for the tour and food unless we add time to the trip. When we return from the boat tour, the hospitality suite will be open for all to enjoy. On Saturday, all the car events will take place except for the valve cover race which will take place on Sunday morning. For those women who do not want to go to the museum or participate in the car events, there will be shopping in Skaneateles on Friday and a place to be named on Saturday. On Saturday night we will have our usual banquet.

Upcoming events: April 20--Jell-o museum, May 1--business meeting at Barbagallos, May 18--tech session at Tim and Rita's, July 3--business meeting at Barbagallos.

New Business--The Secretary will write a thank you letter to Dave McCarty for the trailer. The club will give Jim Smith a gift certificate for \$100 to thank him for setting up our website and teaching Rita how to use it. Everyone must try to book new ads for the Program for the Recall.

The meeting was adjourned at 4:35.

Respectfully Submitted
Sherry Smith

Secretary

DAVE McCARTY WITH HIS FINE RAMPY!

TIM'S NOTES

WOW! I am in "information overload" **again** this month. We had an excellent start on our engine project. It will, of course, be more work than originally planned. I planned on a tech session involving the differential redo (complete tear down, with new seals inside, check bearings etc). **The trailer TOOK PRECEDENT! It sure was nice of Dave to do that! The guys put it together in jig time**, then I put 4 coats (1 qt!) of hd varnish on it last week. I also made the clear plastic cover for the differential. Next a transmission...and then we design a mounting rack. There is a lot to do yet!

This display should end up like a rolling educational display of the Corvair powertrain. I have wanted to do something like this for many years.

Any other neat stuff going on out there?

This year is getting busy already. We have September all booked up already!!

The RECALL gang is hard at it again. They have lots of challenges this year, but will make it a super show. There are some new ideas being worked on. **If you can help**, see Nick soon!! Also they are looking for door prize donations...can YOU help? Also see Glorias note about the hospitality room.

I am coming along slowly with the new complete powertrain I am building for the rampy. It is a huge project!. 64 a/c coupe gets started.

THEN I will be changing the heads and camshaft in the van. So if interest is there, I see LOTS of tech sessions coming up for the next year or more just on my stuff.

The club engine still needs work on "details", plus I have not heard anyone stepping up to do the display details?, signs etc?

Doug and Nick are both very tied up with moving into their new homes, so if you can step in to help on the recall stuff PLEASE contact them.

We sure had great luck with the weather for the "Jello" tour!. It looked like everybody was having a good time, and of course, true to our club habits, some great food. We had 2 very nice guides, one for the Leroy house, and another for the Jello museum next door. That's what I call a great time.

Don't miss out on the rest of our fun upcoming tours and events.

Be sure to see the "quiz" picture in this issue. Then come to the meeting for the answer (or I suppose you could email me)

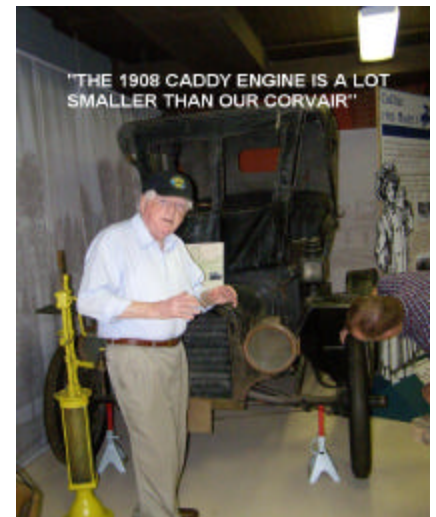

When Ron Fausak gets back for the summer we will arrange a day session or two, to put the powertrain in Dick Gaffney's late model corvair pictured below. That will be another working tech session of sorts.

I think that's it for this month, I better get back to parts cleaning...

SEE YOU AT THE NEXT MEETING!!!

If you are around during the week, and want to work on the "project" Call me. 689-3366

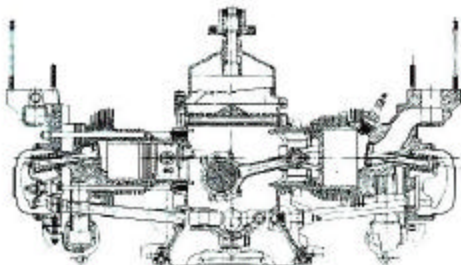

I have lots more, but space is gone! See ya soon!

WE WISH TO THANK ALL THE SPONSORS AND SUPPORTERS OF OUR CLUB AND THE RECALL. WITHOUT THE HELP THEY PROVIDE WE COULD NOT DO IT , PLUS THE WORDS" CORVAIR PARTS AND SERVICES" WOULD BE HISTORY..
