EDITORS RITA / TIM COLSON N2VZD@AOL.COM (PLEASE SUBMIT ALL CLUB MATERIALS TO THIS ADDRESS)

PRESIDENTS COLUMN

CNYCC had a good showing at the Syracuse nationals Hot Rod Show. (1) 1961 Lakewood with camper trailer, (1) 1962 Turbo cpe, (1) 1963 cpe, (3) 1964 cpe and conv., (1) 1965 turbo cpe, (1) 1966 cpe. And our display engine a 1961 drive train out of a Lakewood. Mounted on a trailer. The news reported over 6000 plus cars on the Fair grounds for the weekend, 50 fewer than last year. Nice showing for the price of gas.

The drive train was a big hit, many people looked at the Corvairs, but the spent a lot of time studying the engine display. Many asked us to start the engine and when we did, a crowd of people would come running to see it in action. We had to limit how much we ran the motor in the building as the VW club was across the aisle from us and the motor would load up with gas as we never let it run long enough to get it up to operating temperature. The gas fumes were so strong it would make your eyes water.

There were two Senior Corvairs on the Fair grounds, Gloria Fear's 1964 convertible and Andolino's 1965 convertible.

The car coral was packed this year; Model A fords to newer Corvettes. I found one Corvair a 1965 cpe with a fresh white paint job and Jaguar seat covers and door trim. Car had rust bubbles on the right door and a large hole under the car you could put your fist in, also big price at 8500.00 dollars.

The only other Corvair on the grounds for sale was a 1964 Tan convertible at 6000.00 dollars nice solid car.

The ladies had a nice smorgasbord of food; if you went hungry it was your fault.

Our choice of being in the Toyota building was the good thing, Saturday was in the 90's, I tried to walk the vendors area and I felt like I would pass out as no air and too many people. I headed back to the building for a cool drink.

We need to change our meeting date for August to the 14th, as 6 club members will be out of town for our scheduled date of August 7th.

ATTENTION ATTENTION

Change of date for our business meeting.
Several couples are on vacation the week
of our regular meeting so it was decided
to change it for this month only. August
business meeting date will be Thursday
August 14th.

Hi everyone!

I will try to keep a running list of the upcoming months so you can plan ahead. If you have any suggestions or ideas you would think would be fun for meetings, please be sure to call or E mail me.

Business meetings are at Barbagallo's 6344 E Molloy Rd, E. Syracuse on the first Thursday of each month. The meeting will start at 7:00 but they'll have a waitress available for us from 5:30 so we can enjoy dinner before. We will have our own room and they will give separate checks.

There will be an additional day set aside every other month to have a working tech session. If anyone has a work in progress and needs help--- please let us know ASAP. This will start in January. If you have heated space available for the guys to work in we'll be glad to hold it there or if you don't but can bring the part you're working on, we'll find someone willing to have it at their house. If you need help in any way, PLEASE LET ONE OF US KNOW. Since all this has to be printed in the Fan, please do it as soon as you can. Don't be shy--- we're here to help each other.

August 14th

THIS MONTH ONLY----- MEETING WILL BE 2ND THURSDAY

Business meeting Barbagallo's 7:00. Dinner available from 5:30.

August 10th

VW car show Oneida Shores Park. Gates open at 8:00 for show cars, show starts at 9:00.

August 16th

Saturday---- tech session at Colson's 11:00. I'll have hot meatball sandwiches and Italian sausage with pepper and onion sandwiches for an afternoon buffet. Bring a dish to pass.

September 4th,

Business meeting Barbagallo's 7:00. Dinner available from 5:30.

September 7th.

Wampsville, meet at Smith's and caravan to the show.

September 21st,

Jordan car show. Registration begins at 8:00.

October 2nd,

Business meeting Barbagallo's. Dinner available from 5:30.

The date of our Fall Tour is not established yet. There's several other activities I have to find out dates of before we can do that.

November 6th,

Business meeting Barbagallo's 7:00. Dinner available from 5:30

November 9th,

Our Thanksgiving dinner at Plainville Restaurant.

If you have any ideas please let me know. Everything is always subject to change. We now will have tech sessions every other month. If there's a particular subject that would be of interest to you please let Tim or I know so we can try to run with it. This takes ADVANCE planning so PLEASE try to let us know early enough.

Rita ---- call 689-3366 or E mail ritac44@aol.com or Tim at N2VZD@aol.com

so you think *you* got Corvair parts???
yikes , this is just a small sample!

Kitchen Corner

By Rita

This month--- more treats from our expert club cooks!

Sherry's Shrimp dip

½ lb cooked shrimp, chopped as fine as you'd like
1 lb softened cream cheese
1 to 2 Tbl lime juice, test after one so not too acidic
salt and pepper to taste
garlic and onion powder to taste (not salts)
5 dashes hot sauce (approx) or to taste

Mix all together and serve with crackers

Martha's Asian Coleslaw

2 pkgs ramen noodles
1/3 c vinegar
1 c oil
½ c sugar
½ c sunflower seeds
½ c chopped onion
1 pkg coleslaw

Finely crush the ramen noodles using only one packet of the seasoning. Combine with the coleslaw, onion, sunflower seeds. Blend together vinegar, oil, sugar and pour over salad before serving. Stir together. Sliced almonds can also be used.

Jane's Pretzel Salad

2 c crushed salted pretzels
¾ c melted butter
3 Tbl sugar
1 (8oz) cream cheese
1 c sugar
1 (8 Oz) cool whip
2 (3 oz) pkgs raspberry jello
2 (10 oz)pkgs frozen raspberries

Mix the crushed pretzels and melted butter and sugar together and press in bottom of 9 x 13 pan. Bake at 400 degrees 8 – 10 mins. Cool.

Beat 1 c sugar and cream cheese together and fold in cool whip. Pour over pretzel crust.

Prepare jello by adding 2 c boiling water and dissolve. Add the 2 pkgs raspberries (while still frozen) to jello as soon as jello is dissolved. When berries are defrosted pour over cream cheese layer and chill.

If anyone else has recipes they'd like to share with us, by all means E mail them to me and we can all enjoy them! ritac44@aol.com

SORRY OUT OF TOWN AT THE MOMENT.....

SEE YOU NEXT MONTH...

Respectfully submitted

Sherry Smith

Secretary

\$10.00 the day of the show

DICK GAFFNEY'S CAR ENDED UP BEING QUITE A PROJECT... (FOR RON ANYHOW) BUT IT IS FINALLY OUT OF RON'S SHOP AFTER MANY HOURS OF HARD WORK. THANKS RON!!!

THE CLUB DISPLAY AS SEEN AT 7AM SATURDAY AND SUNDAY. WE HAD A GOOD GROUP OF CARS BY 9 ISH. IT WAS A BIG HIT!!!

PHIL DOMSER IS SHOWN WITH HIS LATEST PURCHASE, A LOADSIDE FROM ARIZONA (NOW TO GET IT HOME?) HE ALSO CALLED ME TO TELL ME OUR BANNER WAS UP OUT THERE. THE BEST PICTURES WERE FIRE RELATED , BECAUSE HE WAS SO EXCITED , THE CAMERA WAS SHAKING TOO MUCH TO GET CLEAR SHOTS MOST OF THE TRIP. WE WILL HAVE MORE AT A MEETING SOON.

1700 + HORSEPOWER 400 HORSEPOWER 80 HORSEPOWER
THE HORSEPOWER RACE AT THE NATIONALS. THAT DARNED F..D SHOWED OVER 1700 HP ON THE DYNO AT THE REAR WHEELS!! THE MOST THEY HAVE EVER READ ON THE METER. THE TURBINE WAS ON DISPLAY FOR AIRCRAFT USE , BUT OTHER IDEAS WERE "FLYING AROUND". OUR CLUB DISPLAY ENGINE IS AN 80HP POWERSLIDE OUT OF A 61 LAKEWOOD. RAN A LITTLE SMOKEY AT TIMES DUE TO SO MANY SHORT RUNS. WHEN I RAN IT AT HOME FOR A FEW MINUTES , IT CLEARED UP AND RAN GOOD.

TIM'S RAMBLIN'S

WOW! I am still in "information overload" **again** this month. We had an **excellent** setup at the "Syracuse National's" this year. Many positive comments were heard.

That sure is a feather in our club's hat! Next we continue with more additions to the display.

Anyone that plans on towing the display trailer around, please get a 2" ball on your hitch. We can help you wire the lights up neatly.

I will **not** be able to move it to the Wampsville or VW shows, as things look now. I have a major project in my shop I must stick with until it is done, so my truck will not get the work needed before long travels done in time. We MAY be there as spectators, but even that is up in the air at the moment.

I have heard a lot of great comments about our display from many sources you might not expect to notice us. Ham radio guys, guys from the auto parts and garages in the area, etc all took notice.

There are several tweaks we can do to the display yet. It got a good wash job on our way home Sunday afternoon. We hit the powerful rain storm about 4 miles from home. I went out to the shop and blew the water off it with air. I wiped my truck down also. They both survived well.

We heard bits and pieces from Phil about the Ventura nationals, but a lot of his pictures were beyond repair due to flash not allowed or other issues. He is expected to retire very soon, but things keep showing up to hold him hostage yet. MAYBE sept 1st...in the meantime he awaits the delivery of his loadside from Arizona purchased at the convention. Dave Robinson is enjoying his "retirement" also, but does "consulting" quite often yet.

I had the pleasure of talking to Nick Ebersol on the phone for quite a while the other night. If you knew him in the past, why not give him a call? Im sure he would enjoy hearing from you. (we have his phone number on file, if needed.) He was happy to hear from me. I am now doing extensive restoration work on his old 64 convertible, now owned by club member Ric Rivette and Judith, as promised over 5 years ago. (thanks for waiting!)

I have done work on this car for many years, so I guess I better keep up the "tradition?" All of my other projects will be on hold until I get this job finished to my satisfaction.

Exciting times were here July 5th after enjoying the nice car show at Fairhaven NY. It was a great show, we should think about attending as a group next year. Shortly after we got home, the standby generator decided to go up in flames. Thanks to fast actions by neighbors calling it in and one brave soul running over and hitting it with our garden hose, damage was kept to the generator. It is toasted totally!. New one will be hooked up very soon. Other than that, same old stuff, cleaning parts, and putting Corvair stuff together. Someday I might get some of my ham stuff and house upgrades done..

We had a very constructive meeting (along with very fine food and cake!!) at Gloria and Kevin's home. It focused on the next Recall, but hit on other club "situations". Very nice showing, in spite of the rain.

We still get loads of great comments about the website. www.cnycorvair.com great job Jim!

I will say it again: **if you are not on the net getting this via e-mail, you are missing a lot of important additional extras!**

It would be impossible to send it all by mail. Get help, maybe even at a library to get online soon. You wont be sorry.

Be sure to look at the many upcoming show info sheets I tried to put in this month. I send updates via e-mail as I get them.

In the meantime, you can find ME in my shop most days now.

I think that's it (hope I did not forget something!!) for this month, I better get back to work... **See ya soon!**

WE WISH TO THANK ALL THE SPONSORS AND SUPPORTERS OF OUR CLUB AND THE RECALL. WITHOUT THE HELP THEY PROVIDE WE COULD NOT DO IT , PLUS THE WORDS" CORVAIR PARTS AND SERVICES" WOULD BE HISTORY..
