PRESIDENTS COLUMN

CNYCC's Feb. in review. First say a prayer for Louie Lee and his wife Dot. The word is he went into the hospital for one procedure and it ended up being a series of problems that have left him in terrible pain.

February 5th--the weather was good enough to allow the usual group to get to Barbagallo's for our meeting. Most of the meeting centered on getting our Recall plans closer to finality.

There will be another tech session at Kevin's March 22nd. Get there early, wear work clothes! We need to rewire the moving event trailer and maybe split the group to work on Kevin's buggy.

I took a ride to Colson's one day and surprise- surprise- there was a white corvaire in his driveway. Dick Gaffney had braved it there in the rain with one hand on the wiper button to keep them running. Just like the old days! Tim checked it out and we did get them working without him holding the wiper button all the way home.

Our mid-winter dinner at Borio's was a good turnout. Dave Mc Carty made the long ride from Groton. We ate good and went snow-blind standing in front of the picture windows making monumentous decisions at the dessert bar. After dinner it was downstairs where Tim had old corvaire promo movies for us to watch while Dave and the ladies went over the Recall time schedule and decided some hospitalities.

The first car show locally is at the Fair horticulture building March 28th and I think the 29th.

our next meeting will be March 5th at Barbagallo's at 7 pm. Get there early to eat. We need everyone content before the meeting.

Pres., Nick Lombardo

NICK and JANE LOMBARDO

Hi everyone!

Business meetings are at Barbagallo's 6344 E Molloy Rd, E. Syracuse on the first Thursday of each month. The meeting will start at 7:00 but they'll have a waitress available for us from 5:30 so we can enjoy dinner before. We will have our own room and they will give separate checks.

March 5th

Business meeting Barbagallo's

March 22nd

Tech session 10:00 at Gloria and Kevin's, 6899 Kassonta Dr, Jamesville. Buffet to follow-- bring a dish to pass.

April 2nd

Business meeting Barbagallo's

April 25th

Spring tour. Please note this is a Saturday. Starting point will be Arby's in Weedsport but not sure of the time yet. We'll be going to Weaver's Farm (an Amish house filled with lots of things to buy.) That will be followed by a buffet lunch at Belhurst Castle.

May 7th

Business meeting Barbagallo's™s

May 17th

Final Recall meeting at Sherry and Len's. Details to follow on that as soon as Len has the nerve to tell her that he volunteered their home! (he claims he already told her) This is our last chance to get together before the Recall so please try to attend this one!

June 4,5,6th

Recall 2009 at the Hilton Garden Hotel, E Syracuse

If you have any ideas please let me know. Everything is always subject to change. We now will have tech sessions every other month. If there's a particular subject that would be of interest to you please let Tim or I know so we can try to run with it. This takes ADVANCE planning so PLEASE try to let us know early enough.

Coming soon to a web site near you!

I have added a bunch the newsletters from other clubs to the web site but they can only be accessed by club members who register and log in.

The 'Build Your Own Member Pages' programs and pages are up on the site just begging to be used. Members can log in and 'build' their member pages. The two sets of pages that were already there have been reworked so the owners (Tim and Dave) can modify and add to them. You can have one page or multiple pages, pictures with each page and captions on the pictures. And your own image on the Member's Pages page on the site.

The 'Tech Info' page is ready for some technical information. Hints, tips and other assorted technical stuff welcome. Share what you know.

There is also Recall 2009 information on the site. And more to come.

Any suggestions for other 'content' on the web site is welcome.

MEETING MINUTES

The meeting was called to order at 7:00 P.M. by
President Nick Lombardo.

The treasurer's report was read and approved. The minutes of
the last meeting as printed in the Fan were approved.

Old business - Recall

Nick reported that last year we ordered 33 plaques @ \$7.50 each
and 55

dash plaques, all of which cost \$346. This year, he proposed
trophies

costing \$10 each, with a larger Best of Show trophy costing \$15.
He

passed around a catalog so that we could choose a theme for the
trophies. By a vote at the end of the meeting, we approved the
flag-themed trophies.

Next, Nick mentioned dash plaques. We ordered 55 last year
and had

about 12-15 left. After a short discussion, the count for this year
was

tabled, pending further study.

Dave Robinson reported that the site for the Recall had been
confirmed.

He also reported that Doug Dunlap had written and posted Re-
call

information on the website and had written a blurb for the Co m-
munique.

Dave also asked about the registration form. We believe that
Doug is
working on that.

We also need to continue to find door prizes and to work on get-
ting ads

for the Recall program book.

Rita Colson then reported on the tour for the Recall. We are go-
ing to

the Herkimer Diamond Mine. She mentioned that the Water-
front Grill

would offer a bar-b-que lunch if we were interested. After a
brief

discussion, we voted to offer the tour and lunch as a package
deal for

\$20 per person. The lunch will be at 1:30 and the museum and
mining

will be extra.

We have paid our dues to the Central New York Car Club Coali-
tion so that

we can again be in the Gargill (Toyota) Building for the Syra-
cuse Nationals.

New business

March 22 - tech session at Kevin and Gloria's. Bring a dish to
pass.

April 26- Spring tour. More info to follow.

May 17 - Recall meeting and tech session at Len and Sherry
Smith's (I

already told her). 10 A.M. and food to share.

Meeting adjourned at 7:54 P.M..

SCENES FROM THE MEETING
AT BORIO'S

TIM'S RAMBLIN'S

HI AGAIN

Well this month went by fast , in spite of all the snow. Seemed like I had to shovel the path between the shop and house every time I went back and forth for several days. I thought it would never end! The wind and snow were howling between the buildings with a real winter blast for ages.

In spite of the weather I was hard at things every moment I could spare , sometimes late into the night. The wagon moves under its own power now , a first since the building was built. Now to finish up all the details (later!). Basically , I have to completely assemble the car. Then I moved that west wall work area forward , after moving my tool cabinet to the opposite end. Think on that a minute and you will hear my self discussions involved! It was a monumental task. 18ft of benches and heavy drawers , plus an extra (complete)engine had to be moved . Anyhow , it sure is nicer to work with. When I first installed it , I had no idea how or where I would be working on things.

So now I am finishing the major wiring harness project , and stealing time here and there to work on the rampy. All I hope , is to have it use-able for this season. I was also hoping to get the coupe engine done and installed , but not sure now if there is time enough.

The next biggie on Kevin's hot rod is a gas tank and the infamous wiring harness.

Phil's rampy (trailer queen?) is about finished and ready to come home. It looks too good to ever drive again.

Doug and Betsy are stripping the van for repaint. Nick is busy with some non corvair project known as a 52 chevy?

Others are secretly working on Corvair projects , getting ready for the new format CNYCC RECALL coming up all too soon.

I still get lots of very nice comments on the club website. I try to include a link to it, and the old n2vzd picture site in most of my emails regarding Corvair issues. Be sure to spread the word whenever you can. Cnycorvair.com Jim is always making upgrades , so check of-ten to see if *your* picture is headed all over the world.

We had a nice meeting at Borio's , with distracting scenery of snow toys all over Oneida lake , including kite skiing , ice fishing , snowmobi-ling. And other fun things. Lots of colorful machines ,suits and kites to watch , along with the lengthy movies on old corvar promo's. That last dvd we bought was longer than I thought they could cram on a disk!, but still fun to watch?

A few of us are awaiting Ron's return north , so we can go "shopping" at his shop. He milks the most he can out of that Florida warmth.

We need to drum up more PAYING members of CORSA. If you follow other similar clubs , you will find that membership in the national group is MANDATORY to belong to a local CHAPTER .yes I know we have discussed this before , with all the valid? Exceptions , but the others *have* to do it so.....with the economy as it now is , I still say don't go spending on unnecessary items. We all worked very hard for that club treasury over the years , so go forward *carefully*.

Jim is still looking for more exciting content for the website. He will be adding a tech session area soon. See his note elsewhere in this issue. Preparations are progressing for this years RECALL. A few upgrades and big changes are in the making. More on this in the next issue.

THANK YOU ALL THAT ADDED CONTENT THIS MONTH.

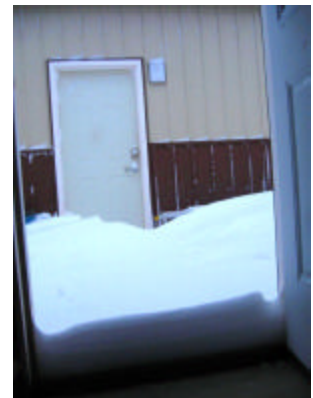

WELCOME TO NEW MEMBERS AND RENEWALS!!

I think that's enough **one finger typing** for now (hope I did not forget too much!!) for this month , I better get back to work... **See ya soon!**
