Hello CNYCC members,

First- I will thank God we are all still here.

Work faster, we are five months into the year already. Two shows this month will split us up between Norwich and Seneca Falls and will give us a chance too hand out Recall app’s at those events. There are 2 weeks left so we have to ramp up our efforts to get the word out that we have a show for local cars too.

We have 2 cars that I know of going to Bennington, Vt. for the Hemmings Concourse July 18. Hemmings is marqueeing corvair for the 50th year. The Syracuse Nationals will be attended by other club members.

Old Forge car show the day before Fathers day will see a group of us. They say if 5 corvairs pre-register we will have a separate class honoring our 50th year.

Our May meeting was well attended with a new couple attending and joining. Recall discussion ensued and took up most of the meeting. Cruise night dates were announced for the Syracuse area.

The names of those going to the Syracuse Nationals were given to the powers that be insuring a spot inside.

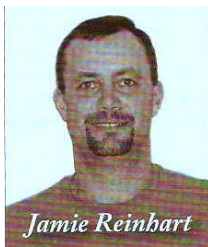

The meeting at Fear’s to work on favors and handout bags for Recall attendees went well with good food, plenty of no calorie fat chewing, some show and tell on the computer and some got to watch part of the race on TV. Oh--- and of course the bags got stuffed and the favors cut out to be folded, stamped and put together. It has been a busy month so far and is looking like more of the same for the rest of the summer.

Before I close, I got word that cancer is back after about 18 years so keep the Silver-nail family in your prayers. He works in a repair garage so there is no insurance to pay medical bills. I know I don’t think about it all day long but we should thank God more each day for what He has done for us and given us.

See everyone at the Recall- and for those who read this outside the CNYCC club- you are more than welcome to bring your vair to our Recall June 5, 2010.

Nick Lombardo Jr., Pres.

CORSA CORNER

There has been a lot of talk lately about increasing CORSA membership and the future of CORSA, so I began to formulate a membership concept and a plan for the future, using ideas from many members. This is a quick overview of the end result. If you are interested in the complete plan, you can contact me at jtreinhart@omnitelcom.com and I will send you a copy.

Here is the first piece of the plan. As a CORSA member and Central Director I would like to be able to communicate and provide valuable services to as many people as possible. These services need to be paid for. This has been done two ways in the past, by members paying CORSA dues, and for chapters that don't have 100% CORSA membership, a chapters filing fee. The dues have been rising to offset the cost of services, but the filing fee has not. The fee is small and fixed, so it does not cover the CORSA provided services, mostly administration and insurance fees, for all of the non-CORSA members in some chapters. This has been a point of contention for many years, but I believe all members, CORSA and chapter members alike want to do their part and pay for the services they receive. There are three obvious ways to solve this problem. Raise the dues, change the filing fee to a per person fee, or mandate 100% CORSA membership from chapters. A better solution would be if we added more value to CORSA membership by adding a choice of three separately priced membership levels, and more services. Here is a short description of the membership tiers and the added services.

Tier 1 should be priced to make it cost effective for those who wish to participate in CORSA events, pay for their portion of CORSA insurance and administration fees, utilize the benefits of the CORSA website, and have a vote in CORSA business, but have no desire to receive a Communique. Tier 2 members will opt to receive an e-communique, instead of a printed issue, at a lesser fee than tier 3, with all the normal CORSA benefits, and Tier 3 members will receive a printed Communique and all the benefits they do presently.

This three tiered membership concept could eliminate the chapters filing fee, and help non-CORSA members become members. Chapters could add the minimal tier 1 dues onto the chapter's dues of their non-CORSA members, as a service fee. The member will automatically become a tier 1 member and receive the extra CORSA benefits. Or they could use the money slated for the chapter filing fee and some discretionary money, to sign up a few, or all their non-CORSA members.

To add greater value to all membership tiers, the CORSA website is being redesigned, and additional services are being added, namely a Corvair Wikipedia section and the Commscan Project. The Commscan project is a group of individuals dedicated to scan and create electronic PDF files of all CORSA publications from the last 40 years. It will include a word searchable index so members can find specific articles, or they may choose to use the files for just plain reading enjoyment. The Commscan project will take a considerable amount of time to complete, but will be well worth the wait. The Wiki will be available soon on the CORSA website for members to start downloading information into. Both projects will more than likely be placed behind the membership benefits area of the website, and only available to CORSA members. There will also be selected excerpts of each, on the public portion of the website, to act as a promotional tool and demonstrate the value of CORSA membership.

Because of the additional content, and the change in behavior of society to use more and more electronic communication, the CORSA website will become the most important piece for future communication and recruitment. Each piece of this plan creates a section of a large circle that will continue to link us together for many years, even if familiar services like the printed Communique or the International Convention cease to exist.

This plan includes changes, but they are needed to sustain CORSA. I have always been leery of change, but not afraid of it. Are you?

Please feel free to contact me or any CORSA Director with your comments or concerns. Our contact information is in the Communique or on the CORSA website. Thanks

Secretary's Report

The meeting was called to order by President Nick Lombardo at 7:00PM on May 5, 2010.

The minutes of the last meeting were approved and the treasurer's report was accepted.

Old Business--Recall-Barb Robinson says that we now have enough door prizes. We are ready for the banquet. We have a person to take care of registration. A motion was made and seconded to pay for Phil's lunch cruise as payment for driving the bus. The trophies have been ordered. There was a flyer sent to the Post Standard advertising the RECALL. The papers for our insurance are on the way. We are having our last Recall meeting at Kevin and Gloria's for filling envelopes. Those of us going to Norwich should take applications and flyers to the show.

New Business: We need a list of people taking cars to the Syracuse Nationals this year.

The Jamesville Fire Department parade is on May 29.

On June 20th there will be a show at Emerson park in Auburn.

On June 16th, the show in Old Forge begins.

There is a Right Coast cruise to the Bahamas next April 2, 2011.

The meeting was adjourned at 7:55 PM.

Respectfully submitted

Sherry Smith

Secretary

Those attending the meeting were Barb and Dave Robinson, Wayne Goppelt, Dick Gafney, Len and Sherry Smith, Doug and Betsy Dunlap, Tim and Rita Colson, Kevin and Gloria Fear, Nick and Jane Lombardo, Lou and Clara Halstead. We are pleased to welcome our new members Peter and Pam Okussick. Also attending were special guests George and Karen DeRousie. Thank you all for coming!

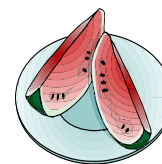

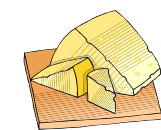

HOSPITALITY SUITE

Donation's for the hospitality suite would be greatly appreciated. We would use snack type foods, i.e., cheese & crackers, veggies & dip and any finger foods. Also, baked goods for dessert and for morning coffee.

If possible, please let me know so we can try and not duplicate too much of one thing.

Thanks,
Gloria

TIM'S TECH TIME AND RAMLIN'S

WOW! I am still in "information overload " **again** this month. Back again , with continuing sagas in my shop , and other "stuff". By now you all know about my selling of the greenbrier to shed myself of a project...then buying an even more involved one shortly thereafter ! (CRAMPY). Now add to that my extensive work on Phil's nice collection , and a new motor for my rampy , and another new motor for the 64 A/C coupe , plus basically a FULL rebuild on Phil's "Beatrice" 64 van, YES I have been busy! Also I like to attempt playing ham radio at times. Which reminds me , Phil now has his ham license (KC2YLB) congratulations!

I have a mountain of dreams to work on here , on all of my vehicles , and ham radio projects galore. My First goal is to get the rampy and the coupe back in shape for reliable travels to anywhere!, then the Lakewood , then Crampy. This is a HUGE undertaking! And I also have a long wish list of things to complete for Phil yet. I just got a lot of changes in locations of tools and storage finished in my shop. Now I am sorting (in my spare? time) over 100 lbs of hardware and "misc" stuff. Good thing I put in a lot (@30 ft) of bench space to spread things out on.

RON is back up in the cold north , working very hard on his vehicles , plus trying to thin out his HUGE parts collection. If you have ANY Corvair needs , please call him at (315)776-5852. He has a very large collection of unorganized parts (but he can find things !), including a LOT of interior parts that MUST go. If you can help him with this , please call soon.

As we all get older , it gets harder to do things like work on our cars , and club things that really need to be kept up. Please pitch in wherever you can.

After we moved , it has been hard to travel much. This year will be different! We will be going to the CORSA nationals , the Hemmings show in Vermont , Clarks show in Massachusetts , our Vermont club tour , plus other more local shows.

Phil Domser has been able to get to several shows around the country the last few years , including Helen Georgia , Charlotte , Corvair Ranch and many others.. I have downloaded what pictures he has taken , so look for a few each month in the FAN.

Things are progressing for the RECALL. It has a much brighter future now with the fantastic new location.

Be sure to come join us and see what we now have to offer.

This months technical offering includes trying to diagnose my Rampy (with the new motor!) . It seemed a little weak on hills , working harder than it should on them , or holding highway speeds. Ran smooth , started up good , timing etc was good. Vacuum was slightly low (spyder dash). First I found a short carb mount stud pulled loose. Then when I removed that carb to repair the threads in the head , I noticed brown crud at the fuel line on the carb. THEN I took the carb apart..finding chocolate mud in it. Those carbs were fresh rebuilds on the greenbrier I had. I took a 3 gallon sample in a clear jug with nothing showing. So I am hoping this will end a mystery. I should be able to get back at it today. One thing or another has kept me from finishing my truck and coupe all winter. I worked 8 or more hours most days in the shop all winter. It is a pleasure to finally have such a good setup to work in. I am still tweaking it , but it works out well so far. Soon I will take the time to clean it up again . I just started on a new motor for the CRAMPY last week also

Please take note of upcoming shows. I will continue to add show info to forwarded newsletters

I think that's it (hope I did not forget something) for this month , I better get back to work... **See ya soon!**
