## CNYCC SCORES AT WAMPSVILLE SHOW

by Len Smith

On a gloomy and drizzly Sunday, September 12, several stalwart members braved the rainy and cold weather to put in an appearance at the 50th Mohican Model A Club car show in Wampsville. We gathered at our house for coffee and donuts and to see how many of us would brave the elements. Since several of our members had opted to attend the Clark's Corvair show, we knew that our numbers would be smaller than in the past. Kevin and Gloria Fear arrived in their 63 and 64 Monza convertibles, Dave and Barb Robinson had their 66 Monza coupe, and Dick Gaffney pulled in in his new (to him) 65 Sport Sedan. I recruited 2 drivers, my wife and Webmaster Jim, so that we could have a good showing with my 64 Monza coupe, 65 Corsa turbo, and 67 "wannabe" autocross car. After a trek of about 10 minutes, we arrived at the field to join Nick and Jane Lombardo with her 64 Spyder convertible and Wayne Goppelt with his 64 coupe. There were several other Corvairs there also, including a group from Maryland. In all, there were 14 cars in the Corvair class. We also met Pam and Pete Okussick there. They were babysitting their granddaughter and Pete is still assembling his daughter's 65 convertible. We put up our tents, unfolded our chairs, and brought out the snacks. The guys checked out the cars and the flea market and most of the ladies stayed out of the weather in the tents. The weather was mostly gloomy and cold with intermittent showers. About 1:30, most of the ladies and a couple of the guys returned to our house to warm up and to prepare supper. The rest of us rugged guys toughed it out to wait for the trophy presentations. While we waited, we were joined by Phil Domser, who had taken his Rampside to the Clark's show. He said that there were about 102 cars there, and modestly informed us that his car had taken First in class and was awarded Best of Show by Cal Clark. That is really great! When the trophies were announced, CNYCC swept the field. Gloria took 1st with her 64 convertible, Dave took 2nd with his 66 coupe, and Kevin took 3rd with his 63 convertible. We took the loot, packed up, and headed back to the house to warm up and have supper. After a delicious repast and dessert, we sat and talked and then everyone saddled up to go home. Despite the poor weather, we had a good day.

## ACTIVITIES

Hi everyone!

Business meetings are at Barbagallo's 6344 E Molloy Rd, E. Syracuse on the first Thursday of each month. The meeting will start at 7:00 but they'll have a waitress available for us from 5:30 so we can enjoy dinner before. We will have our own room and they will give separate checks.

October 3rd

It was suggested that instead of our usual Fall tour that we do something a little different and take a ride to Phil's Chicken House instead. So on Sunday Oct 3rd we will meet at 10:00 at McDonald's in Lafayette and plan to leave at 10:30 for our ride to Phil's.. The gals have a couple stops planned on the way back so we can enhance the economy in that area.

October 7<sup>th</sup>

Business meeting Barbagallo's

November 4<sup>th</sup>

Business meeting Barbagallo's

November 14<sup>th</sup>

We have a new location for our Corvair Family Thanksgiving Dinner! Tabatha's Family Tree Restaurant at 3160 Cold Springs Rd in Baldwinsville will open early for us that day at 1:00 and provide us with our own special traditional Thanksgiving feast complete with homemade pies. I need a head count for this one everyone, so if you plan to attend please let me know for sure.

December---- no meeting or event

January

We'll have our After Christmas Dinner and I hope to have the menu, dates, times, etc at the Oct meeting.

February and March

Hopefully we'll be able to have tech sessions planned for these two months.

If you have any ideas please let me know. Everything is always subject to change. We now will have tech sessions every other month. If there's a particular subject that would be of interest to you please let Tim or I know so we can try to run with it. This takes ADVANCE planning so PLEASE try to let us know early enough.

Rita ---- call 689-3366 or E mail ritac44@aol.com or Tim at N2VZD@aol.

Please note!

Our Fall tour is changed. It was suggested we have a different ride this year and go to Phil's Chicken House instead. Therefore we will gather at 10:00 at McDonald's in Lafayette ( located right at the Rt81 exit) and plan on leaving at 10:30. The time we leave is important as we will have reservations at Phil's. The gals have a couple stops planned on the trip back so we won't miss out on leaving some money behind. Great time, great chicken! Hope you can all make it.

## Kitchen Corner

### Spaghetti Marvelo

**1 lb grd beef**  
**½ lb sausage**  
**8 oz shredded mozzarella**  
**8 oz shredded cheddar**  
**1 jar spaghetti sauce**  
**salt and pepper to taste**  
**½ onion, chopped**  
**fresh mushrooms, sliced**  
**spaghetti, cooked and drained**

**Brown beef, sausage, mushrooms and onions; Drain. Combine meat mixture spaghetti, sauce, half of the mozzarella and cheddar and the salt and pepper. Pour into a 9 x 13 pan. Sprinkle the rest of the cheeses and bake at 350° For 25 mins.**

### Lemon Cake

**1 lemon cake mix**  
**½ c oil**  
**4 eggs**  
**1 1/3 c water**  
**1 sml package lemon jello**

**Mix all together; pour into a 9 x 13 pan and bake at 350° for 30 mins. Frost as soon as it comes out of the oven.**

### Frosting:

**¼ c lemon juice mixed with conf sugar**

## ATTENTION!

I need to have a head count for our Thanksgiving dinner. This will be on Sunday Nov 14th. Meet at 1:00 and a family style dinner will be served at 1:30. Location is Tabatha's Family Tree Restaurant at 3160 Cold Springs Rd, Baldwinsville. She's opening just for us and we'll have a private room. The meal will include turkey, dressing, mashed potatoes, squash, green bean casserole, a beverage and home made pies. All this for \$22 per person, tax and tip included. Call Rita at 689-3366 or Email ritac44@aol.com *Thanks!*

## Secretary's report

The September meeting was called to order at 7:00 by Nick Lombardo. The treasurer's report was accepted and the minutes of the last meeting were approved.

Old Business: none.

New Business: Recall 2011--Should we drop it to one or two days instead of the four days we have now? We could possibly go to the cruise in on Taft Road on Friday instead of having a pizza party at the hotel. Then everyone would pay for their own food and get what they want. We would not have to spend the money for pizza and salad which doesn't always get eaten. Next year's show will be the second week end in June rather than the first. There was talk about making personal phone calls to ask people for their preferences about some of these issues. ie length of Recall, pizza party, tours. Should we have a prize for the longest mileage? We are thinking about changing our trophies and looking for cheaper prices.

We had a couple of new members present at this meeting. Mr. and Mrs Varney are from Binghamton and we welcome them to the club.

The meeting was adjourned at 7:47.

Respectfully Submitted

Sherry Smith

Secretary

Those attending the September meeting were Phil and Martha Domser, Pete and Pam Okussick, Barb and Dave Robinson, Kevin and Gloria Fear, Nick Lombardo, Len and Sherry Smith, Tim and Rita Colson, and Darrell and Janet Varley

### A Day at Baystate's Car Show ..... *from a woman's point of view*

Tim and I were *finally* able to get loose and travel to Massachusetts for Baystate's show on Sept 11 held at Clark's Corvair. This was the first year we've been able to attend this show because of conflicts previously. We certainly will be attending it from now on! First, we thank you very much for letting us park our ( non Corvair ) car on the grounds as I had just had some surgery done on my leg two days before the show and had begged and pleaded with the Dr to travel. As I was sitting there watching the hub-bub of activity, I don't think I have ever seen a club work together as well as they did. It seemed like each person had their job assignment and went about it till it all meshed together for a perfect show. What beautiful cars were there and each one was directed to the section for their class with ease. The gals were bringing in basket after basket filled to the brim with goodies which I found out numbered 34 and were all for a Chinese raffle. What a lot of work! Needless to say I found my way to that booth! ( and actually won one! ) Another group was in charge of the food booth. A simple but delicious feast was enjoyed and again they had in all in apple pie order. The crowd was huge so they were given a real challenge and had to bring in an extra grill — but this appeared to be no problem for this group! I would never have wanted to be the judges for all the fantastic cars there but they mastered that without a hitch too. While all this is going on Clark's were giving tours of all their plant facilities. And, somehow, they even managed to pull off a perfect weather day! If this is an example of how they can run a show, I can only say I'm really looking forward to their National in 2012. I don't think I've ever seen as many smiling faces as I did that day. So, Baystate, we applaud and thank you for the great show , the great job you all did to pull it off and our thanks also to Joan and Cal for providing their location and hospitality to make it all happen.

..... Rita

## TIM'S TECH TIME AND RAMBLIN'S

GREETINGS , from the little shop in Memphis , NY.

This last month was sure a full one here. I am still working as often as possible in my shop. I spent a few days parting out a van from Georgia (courtesy of Phil) resulting in a few very nice parts for the rampy and crampy. Most people would not have put the effort needed to save these parts , but it was sure worth it to me. This is the one that yielded @ 5 gallons of water from the motor. It also gave me a rebuild able differential and transmission and many other goodies.

Phil sure had a winning season this year , with many prestigious awards. Dave McCarty's paint / body work sure paid off.

We had a wonderful time on our trip to Clark's / Baystate show. I took a slight detour to Bennington VT to Hemmings shop to get gas , and a few copies of the Hemmings Motor News magazine with the picture of Phil at the Stratton Mtn show. Then we took a ride up MT Greylock to take pictures of the scenery , and radio towers. We ran into a bonus , the ham radio club was there setting up several towers and antennas for the upcoming contest (last weekend) . I took many neat pictures.

On the subject of "pictures" , PLEASE start taking your camera with you to all shows etc you attend. I can not be at all of them , and a lot of them would be nice to share in newsletters. As most of you know , I have camera , will travel. I carry one in my pocket at all times.

IF it would help , we might even have a tech session about cameras and working with pictures. I think MOST of you would enjoy your cameras even more if you had a little help along the way. I and others in the club have our methods of working with digital photos..

So please bring your cameras with you!!! Ask me for help anytime.

Latest tech tips: start with keeping a good gas treatment (stabil brand marine etc) in your gas . The new gas with higher alky content is causing problems , and also tends to collect moisture from the air and fail (stinks like varnish in short time!) sooner than the old stuff. Also do your research on today's oils when using them in our Corvairs. There is a lot of discussion on what is ok for our motors. Best way is to ask an EXPERT on motors. One way to get a lot of discussion on ANY Corvair related issues , is by joining the Virtual Vairs group , or Corvanatics. You may have to sort at times , but it is a good valuable resource .

Next , we are off to the VT tour , which WE have been doing since 1979 as a group , or Rita and I have been doing since 1969! I think we , along with Cotrofeld's are the only ones that have not missed a year yet. Someday we might even show up in a Corvair.. On that note , I want to thank the Baystate club for allowing us to park a non Corvair on the property to help with our mobility limitations at the show , it helped a lot. I overdid it a little , but it was worth it!, Rita had a front row seat (while knitting) to most of the activities. A lot of our old acquaintances stopped by to say hello .

You should have seen Phil at the "candy store" of Corvair parts! I enjoyed the ability to take lots of pictures of the facilities. I hope to put together a show for sometime this winter of the setups there. I am sure you will be impressed. This is what helps keep our Corvairs going.

I guess summer is over , see you at Jordan , WITH CAMERA IN HAND

**See you all soon!**

EARLY arrivals at Jordan last year

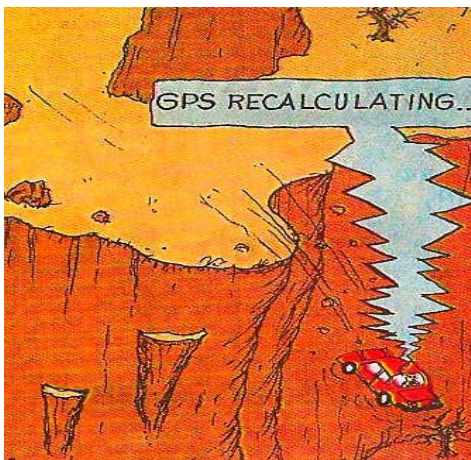

LOTS MORE PARTS FOR CRAMPY AND RAMPY  
ALSO NOTE THE SKATEBOARD / CREEPER READY FOR ACTION

YOU NEVER KNOW WHATS HIDING IN PARTS CARS FROM THE SOUTH!

HUGE roach?

"reconditioned" carbs and linkage parts for the new "Rampy" motor

WE WISH TO THANK ALL THE SPONSORS AND SUPPORTERS OF OUR CLUB AND THE RECALL. WITHOUT THE HELP THEY PROVIDE WE COULD NOT DO IT, PLUS THE WORDS "CORVAIR PARTS AND SERVICES" WOULD BE HISTORY..
