The Prez Sez,

May will be here in a few days, great news. We had our latest tour yesterday, a great time. We toured 2 maple syrup makers and a great pie shop. The strawberry rhubarb pie was awesome. We finished our tour with a great meal at The Old Erie in downtown Weedsport. Thanks to Tim and Rita for all of her work in planning this trip. Everyone enjoyed themselves and had a great time

We also had a tech session at Tim and Rita's, Thanks Tim for another super informative session. As always, another great meal was prepared by all of the Ladies, Thank You.

Another trip is planned for Sunday 5/20/12. We're still in the planning stages, but dinner will be at the Beardslee Castle just east of Little Falls NY. The castle is supposed to be haunted by ghosts, as was recently investigated by the TAPS paranormal group from the sifi channel on TV. We will order off the menu and hopefully meet up with some of the members of the Albany area Corvaire Club. More info to follow at our next monthly meeting which, remember, will NOT be the 3rd but rather at our working meeting at the Fear's on the 12th. Details on pg 2 of the Fan.

Our annual Recall will soon be here. Dave Robinson has been very busy as this years chairman, again. Thanks Dave and to all others involved with preparations for this years recall.

I was unable to attend the Corvaire show in Helen GA, truck mechanical problems. I will be going to Florida in a few weeks to deliver a Corvaire and pick up another vehicle to return to NY State. This concludes my monthly message for this month, hope to see everyone at our upcoming meeting. Phil CNYCC

DUES ARE DUE!!!

Our treasurer tells us that our dues are due May 1st. As you see absolutely everything has skyrocketed in price, our dues have remained the same. Please help us continue to keep the club running by sending your dues in ASAP!

Make your check out to CNYCC and mail to Kevin Fear, PO Box 616
Jamesville NY 13078 Thank You!

ATTENTION !!!

There is NO meeting on Thursday May 3rd. Instead we will have a working meeting at Gloria and Kevin's on Saturday May 12th at 10 a.m. Bring a dish to pass. The guys will be checking the trailer to be sure all is in working order for Recall and the gals will be getting the registration bags ready. Please attend if at all possible. A meeting will follow.

A DAY IN HELEN by roving reporter Len Smith

On Friday, April 20, Sher and I set out to check out the annual Springfest Corvair Show held in Helen, Georgia. We were accompanied by my brother-in law, Jody, who had recently purchased a 66 Monza convertible with a "boxer" engine (the engine was in parts in boxes) and his significant other, Pam. Since each of my Corvairs needs tweaking, we went in a "civilian" vehicle. We arrived in Helen in time to see the test and tune session in preparation for the autocross in the afternoon. We watched for a while, talked to people, took pictures, and then went in to the registration room (Festhalle). We picked up our packet and chatted with several members of the sponsoring clubs. We found out that we may be closer to a club in South Carolina as opposed to Heart of Georgia and Corvair Atlanta. We're going to check out the options. We looked for Phil, but didn't see him. Maybe his plans changed. Also in the Festhalle was Clark's Corvair Parts and their numerous displays. Lots of shiny new parts and people were taking advantage of the discounts. There were also independent (i.e. flea market) vendors with a large selection of used parts. After checking out the goodies, we did the "tourist thing" and walked into town to check out the shops and to have lunch. We returned in early afternoon to check out the autocross. There were about 20 entrants and they all put on a good show. We wandered back for a last look at parts and left about 4 PM. We thought about returning on Saturday to see the concours, but the weather looked iffy, so we stayed home. Naturally, the sun came out about 1 PM with no rain all day. Next year, we plan to go with a Corvair and stay in Helen to participate in the events. From what we saw, this is a great event which attracts a large number of participants. Congratulations to Queen City Corvair Club, Heart of Georgia Corvair Club, and Corvair Atlanta for organizing and presenting a great event. To see pictures from Springfest, go www.cnycorvair.com

TIM'S TECH TIME AND RAMBLIN'S

GREETINGS AGAIN, from my little shop in Memphis, NY.

WHATA MONTH!! I now have the new motor for rampy running just about perfect. I ended up installing a used set of pistons /rods / cylinders from MY shelf. That fixed the bad noise problems. It turns out I have to check EVERYTHING when building a motor. Who would have thought that new top of the line pistons could be marked wrong at the factory? From now on I will only install parts that I get myself from vendors, NO third party stuff!

So I have a new, unused set of .040 full fin cylinders here extra, if anyone wants to buy them. I only compared measurements, never installed them. You can figure the price will be close to the catalog price. They are a very nice way to go. The pistons on forged high quality rods will be for sale also, they have @ 1 hour or so running time on them. If you are interested call me for details... I would take a new set of good pistons from Clark's with stock rods in trade (.040 !!!). Mine say .040, but measure .020. Anyhow this motor wore me out. Other projects going on, the gas heater rebuild details are coming along slowly as I fix all surprises that show up. I also got the 140hp running that will be installed in the 1960 project car, belonging to our newest members.

In other news, you sure missed a perfect tour last Sunday. We started out from the newly remodeled Arby's / Tim Horton's in Weedsport. Dave passed around progress photos of the convertible he decided to restore to HIS standards. This is the car he purchased from Paul Britton, one of the club founders. I have the pictures elsewhere in this issue. We stopped at 2 different very nice country Maple sugar processing locations, which both gave us great insight on that operation. Then we visited the Carpenter's Brook Hatchery and made that a pit stop with a quick tour of the facilities for hatching trout. Then we visited a "Fresh homemade pies and more" shop. What a place to get a sugar high! A lot of us bought goodies there. They are adding an ice cream stand to the building so we will have to go back soon. It is a cozy store with a lot of excellent home made goods and other delights. Also, they make delicious "pot pies". You should have seen the cream pie Rita picked up there!

Remember, our next meeting is at the Fear's home to work on club items for Recall. We need to redetail the display motor, and check the sound system starter set up, and valve cover track/timer. We want no surprises at the Recall this year!

Several of us are looking forward to Ron's return from Fla soon. He suggested a bulletin board for FOR SALE items etc at the Recall. Sounds like a winning idea.

He reminds us of the upcoming large car show at Waterloo, Sunday May 27, 2012. There are several other shows coming along that I will be posting on line.

If you get your newsletter by snail mail, YOU are missing a lot of valuable news. I suggest getting online somehow. If it is hard for you, try going to your local library or a friend's house and setting up an account. You need to at least go to the club website to stay up with the Corvair life around you.

See you at the next meeting, Fear's ON the 12th!

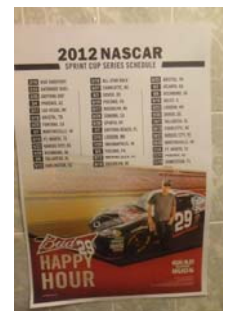

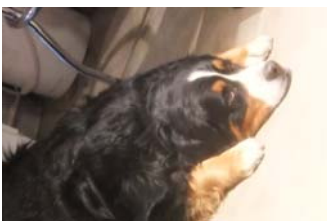

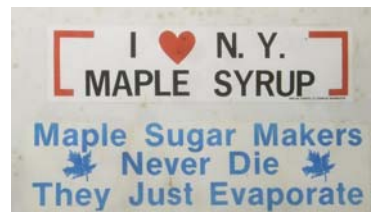

We hope you all can join us.

I hope I covered everything properly! Be sure to visit our fine website often, there are constant upgrades. <http://www.cnycorvair.com/>

Are you watching all the other newsletters we send along for your enjoyment and education?

PLEASE RESIST TEMPTATION TO "REPLY ALL" TO ANY OF MY POSTS! Thank you.

Regards, Tim Colson

WE WISH TO THANK ALL THE SPONSORS AND SUPPORTERS OF OUR CLUB AND THE RECALL. WITHOUT THE HELP THEY PROVIDE WE COULD NOT DO IT , PLUS THE WORDS " CORVAIR PARTS AND SERVICES" WOULD BE HISTORY..

A COMPLETE STOCK OF LATE MODEL USED PARTS
USED, NEW, AND REBUILT PARTS
COMPUTERIZED INVENTORY SYSTEM
ALL PARTS CLEANED AND TESTED

PLUS MANY OTHERS.....THANKS TO **ALL** OF YOU!!

WELCOME to our new members , Glenn and Cyndi Korec with their daughter Chloe. They own a nice looking 60! Coupe. They recently purchased a 140hp powertrain to install in this car. Goal is a later motor , and converting the car to powerglide. The family is working hard to clean up and detail it. It now has 2 rebuilt carbs , 2 block off plates , early differential installed , and many hours of parts cleaning , as you can see in the pictures.

The extra parts left from the purchase are for sale. This pile includes a set of late model rebuilt motor mounts , headers (chrome) , late powerglide differential , late upper rear crossmember , and other trinkets. If you are interested , get with Glenn at his e mail gekorec@syr.edu .

They are hoping to have this car at our recall. We had the motor running here in my shop, sounding good without manifolds yet. Most parts have been located , but he needs a 64 rear motor mount (motor part). Lots more about this car soon!
