THE PREZ SEZ

This is my second time today that I have written this friendly message to all of our members of the Central NY Corvaair Club. Winter will soon be gone (I can't wait) and we will all thinking of preparing our cars (and FC's) for Spring. It has been a cold and snowy winter and I'm sure we would all like to see the end of this winter.

My wife and I are planning to the upcoming Corvaair show in Helen, Georgia. Helen is a great place for a show located in northern GA, northwest of Atlanta. Lenny and Sherry Smith are a short distance from Helen, so Lenny get your taxi ready for all our transportation needs and dinner.

Louie and Clara are packing their bags for an another cruise, have a great time.

My Spyder is down in Groton NY for a complete restoration and new paint job. Dave is doing a super job and I am looking forward to it's completion. My Monza is in downtown Memphis NY at Tim's shop for mechanical work and will be ready for the road very shortly, I hope.

That's this month's presidential message until April,
remember, think spring. Phil CNYCC

HELP !!!

We need someone to take over planning events for our club activities. If someone is creative and has time to plan events and tours it would be great — however it also could be rotated throughout the club members so that, first of all, no one gets burned out but also that we may get to see some interesting things in other areas that we may not even be aware of. I'll be happy to keep the information updated on the net and , of course, in the Fan . Six of the months have events in place each year. We need events or tours for the months of February, March, April, May, August and October for each year. Please think about it and let us know at the next meeting. Thank you!

ACTIVITIES

Business meetings are held at Denny's Restaurant, 201 Lawrence Rd (corner of Lawrence Rd and South Bay Rd) in N Syracuse. The meeting will start at 7:00 but our waitress is available at 5:30 so you can have something to eat before the meeting if you'd like. Meetings are in the back room, we're given separate checks and if you have an AARP card you can get a 20% discount on your meal.

March 6 — Regular business meeting Denny's

No event for March — need someone to volunteer

April 3 — Regular business meeting Denny's

No event for April— need volunteer for Spring tour

May 1 — Regular business meeting Denny's

No event for May — need someone to volunteer

June 6,7 — Recall, Hilton Garden Hotel — see registration in Fan

July 3 — regular business meeting Denny's

No club event planned — need volunteer

July 18,19,20 — Right Coast car show St Fair grounds

July 21 thru 25 — CORSA National Convention, Tacoma WA

If you have any ideas please let us know. Everything is always subject to change. If there's subjects or projects you'd like covered at tech sessions, please let Tim know so we can plan that too. This all takes advance planning so please try to let us know early enough so we can make our events what you'd like.

TIM'S TECH TIME AND RAMBLIN'S

HI THERE , it sure is hard to believe another month has gone by already!

Most of my time is spent in the shop dealing with details on the 64 Convertible Phil bought. The powertrain is now back in place. I have a lot of "details" to finish yet , and the car season is rapidly approaching. My next chore is to replace axle bearings . I have cleaned up the stubs and installed new u joints .ALL parts have gone thru a lot of cleaning and painting. Lots of sheet metal was powder coated. I have to submit more pictures of the progress soon to the web site.

I have yet to touch my truck , which needs a lot. There is a "new" motor waiting to install . I also hope to change the differential gear ratio . I have a correct 164 cu inch FC powerglide (rare) almost redone.

I discovered a bent center rear motor mount on the 64 coupe , probably dating back to being hit hard on the right side years ago. So I need to drop the motor again to fix it. I am hoping to drive it this year , but I have to get that repaired , and alignment so I don't wear out the new tires. I have test driven it after the all newly redone motor etc , and it runs great.

The shows I would really like to go to this year include just a few , like Waterloo, Fairhaven Port Byron , VW , Jordan , Wampsville , and our annual VT tour. Yes there are several others to choose from , so I will start sending flyers out soon. Others WE attend will depend on a few Ham radio shows I like to attend and other family things going on..

This winter has been a real pain in the butt , but thanks to a very kind neighbor with a good tractor setup , our driveway has been kept in very good shape. A few times it took a lot of work!

We talked with Ron Fausak last week , and he sends his regards. He is looking forward to getting back to his shop. Right now there is a lot of snow surrounding it.

Soon I will be sending out 2014 car show flyers by Email. The season is looming!

Please send us any show info you might have on local shows, or links to websites.

It is VERY important that you get E mail versions of my posts , or you WILL miss a lot of important information. Mainly show events and application blanks needed to put your cars in them, plus other newsletters from around the state and the country. Also watch carefully for attachments , most car show blanks are now PDF files.

Thanks to Betsy and Doug for working on the new Recall Flyer for 2014. Thanks to Dave Robinson for all his hard foot-work for Recall. Thanks to Phil Domser and others for behind the scenes work for club and Recall! This teamwork keeps the club alive.

Be sure to keep your eye on the club website <http://www.cnycorvair.com/CNYCorvair.php> Jim does a great job of keeping things interesting and up to date.

PLEASE RESIST TEMPTATION TO "REPLY ALL " TO ANY OF MY POSTS! Thank you.

Regards, May all your electrons and oil drops go where they are supposed to...Tim Colson

WE WISH TO THANK ALL THE SPONSORS AND SUPPORTERS OF OUR CLUB AND THE RECALL. WITHOUT THE HELP THEY PROVIDE WE COULD NOT DO IT , PLUS THE WORDS " CORVAIR PARTS AND SERVICES" WOULD BE HISTORY..
