ATTENTION !!

Our May event is Saturday May 2nd — before our next regular business meeting. We're meeting at the LaFayette McDonald's and leaving from there at 10:00. If you want to eat or visit beforehand make sure you come before that time. We have to leave on time since Lew has arranged for our tour and they will be waiting for us. Dave McCarty is arranging a location for lunch after the tour. Should be a nice day and we hope you can all make it. Thanks to Lew and Dave for arranging a Spring tour for us!

CREAMSICLE NEEDS A HOME — FAST!!

Creamsicle is a kitty who adopted Ron at his shop and is now homeless. Mark is unable to care for him and Tim and I have been going there every couple days to feed and care for him. We know nothing of his past but he's not trusting of us humans. He's a good mouser and is excellent at using his litter box. He sometimes will let us pet him and he once let me hold him for quite a while but he's afraid and will sometimes turn on you. From his reactions I tend to think he must have belonged to someone at one time but maybe had been abused. I don't think he's a feral cat because he sometimes does come and want attention. If you have room at your home and a heart to care for this little guy please let us know asap. PLEASE, PLEASE, PLEASE help us find a home for this poor little critter.

And now no power there for heat

P.S. We have one lead for helping Creamsicle — hopefully will have some good news next month! In the meantime — please help if you can.

HELP !!!

We need someone to take over planning events for our club activities. If someone is creative and has time to plan events and tours it would be great — however it also could be rotated throughout the club members so that, first of all, no one gets burned out but also that we may get to see some interesting things in other areas that we may not even be aware of. I'll be happy to keep the information updated on the net and , of course, in the Fan . Six of the months have events in place each year. We need events or tours for the months of February, March, April, May, August and October for each year. Please think about it and let us know at the next meeting. Thank you!

ACTIVITIES

Business meetings are held at Denny's Restaurant, 201 Lawrence Rd (corner of Lawrence Rd and South Bay Rd) in N Syracuse. The meeting will start at 7:00 but our waitress is available at 5:30 so you can have something to eat before the meeting if you'd like. Meetings are in the back room, we're given separate checks and if you have an AARP card you can get a 20% discount on your meal.

May 2nd — AN EVENT! Yippee! (PLEASE NOTE A CHANGE IN THE DAY AND DATE. THE LOCATION IS CLOSED ON SUNDAY SO WE'LL BE GOING ON SATURDAY MAY 2ND INSTEAD)

Lew and Clara are organizing a tour to a Cortland Factory. Meet and leave McD's in LaFayette at 10:00. That's leave at 10:00. Dave McCarty will arrange lunch for us at a local restaurant after the tour.

May 7th — Regular business meeting Denny's

June NO BUSINESS MEETING due to Recall

June 5.6.7 — Recall at Hilton Garden Hotel

July 2nd — Regular business meeting Denny's

August 6th — Regular business meeting Denny's

August — No date set yet but we are planning an event for this month. Probably on the 8th and will maybe end with a picnic or boat ride and meal. More updates to come as we get them.

If you have any ideas please let us know. Everything is always subject to change. If there's subjects or projects you'd like covered at tech sessions, please let Tim know so we can plan that too. This all takes advance planning so please try to let us know early enough so we can make our events what you'd like.

SECRETARY'S REPORT

President Phil Domser called the meeting to order at 7:00

Secretary's report- Motion made by Dave Robinson and seconded by Dave Mc Carty to approve as printed in the fan. Motion approved.

Treasures report- none available.

Old Business-

Recall- Dave stated that we all need to continue to work on getting items for the door prize baskets please.

Be sure to bring all door prize donations and any give aways for the registration bags that you have and we will fill them at the May meeting. Clara and Pam have volunteered to make baskets for the door prizes so be sure to bring everything you have to donate that night to give to them.

Program for Recall- can everyone please try and get ad's sold for the program that we put together for Recall. This is a good way of making money the ad's run \$20.00 to sponsor a trophy, \$35.00 for a half page and \$50.00 for a full page. Tim said he would try to get in contact with the ones that Ron used to get .

Dave stated that Kristy's is not available for the Friday evening meal for Recall but he has located a cruise in just 5 minutes away that we can go to as a group and park together. It has several food concessions available as well as entertainment and clean restrooms! We'll plan on leaving the hotel at 4:30 so we can stay and park together. We also will have a map to the cruise in in case anyone comes late or gets lost or misses us.

The valve cover race will be Saturday at 11:00, hospitality room buffet at noon and autocross at 1:00. The parking lot at Fast Trac is approved so we're all set for that.

Phil says he has enough trophies left from last year. Dave's daughter will again take care of the pictures for the trophies.

Phil will take care of getting the dash plaques also.

It was questioned if we need centerpieces but decided not since the hotel always has something on the tables anyway.

Dave Robinson has taken care of getting our insurance updated for the event.

TIM'S TECH TIME AND RAMBLIN'S

HI THERE ! Still working away in the shop most days .How depressing can it get , waking up to snow cover the 23rd of April?

At least we got to drive the Rumpy over 300 miles on the new motor combination. It is amazing how much better it runs on the 110hp heads and .060 cylinders. Add a good 4 wheel alignment and 4 new tires and things are much better. The main reason it needed alignment was over the years it has had several motors with different rear mounts. The correct rear mount for a 64-65 FC is hard to get. I finally got correct ones with Phil's help. The rear mount affects the rear alignment , which causes severe rear tire wear. You can also feel the handing difference on the highway.

The white rumpy is running good and is almost ready to go. It needs 4 tires and alignment to be ready. This project has been a long hard job.

I have the new 140hp motor in the loadside belonging to Phil. I need to finish details yet. So far , this job has gone smooth. The Lake pipes exhaust system added work to the job , but sounds nice. It now has small cartridge mufflers to cut the sharp bark noise down.

I am still also working on the 180 turbo motor project. I also am building a late 95HP FC motor to sell. The heads are fresh from the machine shop. The cylinders are .20 over with a factory 95HP cam. It should be a nice motor for a standard shift FC. From what I have read , this makes a good setup .

I am also cleaning out a lot of Corvair parts in my storage area. All my turbo parts are going , several sets of heads and blocks are going. I hope to take time to make a list soon.

We look forward to a few nice shows and ham radio events this year. So far , we plan on going to the nationals in Tennessee , the Clark's show , and of course our annual VT tour. We also do a few "day trips" each year using the Rampside.

I may be able to get a few interesting things together to sell at the Recall. We are looking forward to another fine Recall , Thanks to the hard work of Dave Robinson , and several others. Thank you folks!!

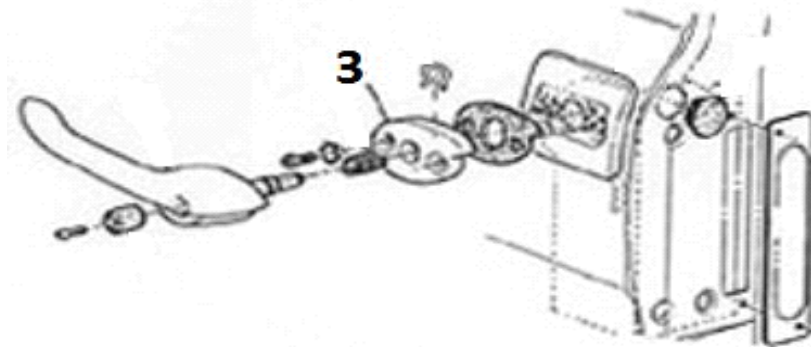

My next job is to get things ready for good? Weather. Starting with getting the blades off the mower for sharpening and balancing. I sure hope to spend some time catching up with house maintenance that has suffered while I do all this Corvair work. I also want to get my ham radio antennas in more useable condition. So that is a small sample of what is happening here.

My other hobby includes a regular schedule of sending pictures using computers and ham radios A lot of the pictures I send include Corvairs and Corvair events. There are several websites tracking this hobby. One that shows the last 30 pictures received here is www.qsl.net/n2vzd The other call signs at the top of the screen are sites that work the same way. If you have questions about this hobby , me. Be sure to check the wonderful website by Jim about our club often for updates. That address is <http://www.cnycorvair.com/CNYCorvair.php>

I sure hope that the weather is better by the next time I write!!
