## THE PREZ SEZ

JULY 2015

This has got to be a first for me, my presidential column for the Fan is almost three weeks early and I am still late. We are planning to go Knoxville TN next week and need to get all info for the Fan ASAP or else.

Our Recall last week was a great time. We had about 30 cars for the Concourse, Autocross, Funkhana, and great food. The weather was terrific for our cruise in and all events. Congratulations go out to Jonathan McCreery of Kingston ON for receiving Best of Show. He owns a late model coupe, beautiful car. Thank you goes out to Dave Robinson, our Recall Chairman and all who worked the Recall, a SUPER JOB by all.

Next week some of us will be traveling to Knoxville TN for the Corsa Convention. Myself and Tim and Rita Colson will be attending, I hope to see other members of the CNYCC in Knoxville. Its going to be a great event and I am looking forward to it. I Hope to bring my Corvaire Spyder convertible for Concourse, hope to have it ready by then.

I hope everyone is enjoying this great weather, Corvaire weather at its best. Hope to see most of you next month for our monthly meeting at Denny's, N. Syracuse. Till then, enjoy you summer and be safe. Phil CNYCC

## A New Update on Creamsicle

Our latest news on Creamsicle is that he has had his follow up visit to the vet and is well and healthy in all respects. He has now been introduced into to the rest of the kitty family at the rescue center. He also is becoming friendlier and is going to be put on the pet finder list for adoption. Look how much progress this little guy has made when worked with and shown the love he needed ( and don't we all ! ) If you want to adopt this precious little fur ball just let me know — I'm sure he'd like his own lap to sit in.

## GEORGIA ROVING

by Len Smith

Our roving reporter is either out roving and looking for more shows to write about or taking a nice summer nap out by the pool.

Congratulations to Lew on his 70th birthday. The family had a nice "surprise" birthday party for him last Saturday evening..

2015 Recall is now history , with a lot of very good memories.

Thanks to Dave , Pam , and others who worked hard to make it a good time for all.

This years 'great RACE' will start the 20th. There is at least one Corvair running this year , a 62 Turbo. The car number 60 , a 40 chevy has had a mishap on the way there . A pickup truck rammed the back of it in PA. They tied things up and continued on , in true John Hudson spirit.

IT WILL BE INTERESTING!

## HELP !!!

We need someone to take over planning events for our club activities. If someone is creative and has time to plan events and tours it would be great — however it also could be rotated throughout the club members so that, first of all, no one gets burned out but also that we may get to see some interesting things in other areas that we may not even be aware of. I'll be happy to keep the information updated on the net and , of course, in the Fan . Six of the months have events in place each year. We need events or tours for the months of February, March, April, May, August and October for each year. Please think about it and let us know at the next meeting. Thank you!

### Ambit Energy Named World's Largest Direct Seller of Energy

#### 8th Fastest Growing Company on Global 100 List

(DALLAS) — May 15, 2013 — Ambit Energy, a leading national retail energy provider based in Dallas, announced today it has been named as the largest direct seller of retail energy in the world by the 2013 Direct Selling News Global 100 list, based upon 2012 annual revenues of \$930 million. The corporation, which provides electricity and natural gas to residential and commercial clients across the country's deregulated markets, reached this landmark in only seven years.

"While that is quite a distinction of success and growth for Ambit Energy, this accomplishment is definitely recognition of our entire team — both our corporate staff and our independent sales Consultants nationwide," said Jere Thompson Jr., Ambit Energy co-founder and chief executive officer. "We are proud to have reached this benchmark, but our ultimate goal remains becoming the finest and most-respected retail energy provider in America."

On the same list, Direct Selling News also named Ambit the 14th largest overall direct selling company in the world and the 8th fastest growing company on the list<sup>1</sup>. Other recent accomplishments of Ambit Energy include passing 1 million residential customers<sup>2</sup> last December and being included on the Inc. 500/5000 list for the third consecutive year.

"Our methodical approach to the opportunity presented by energy deregulation continues to succeed because of our investment in great technology and great people," said Chris Chambless, Ambit Energy co-founder and chief marketing officer. "With an energized sales force nationwide, and a commitment to never sacrifice integrity for growth, we believe Ambit Energy is positioned for continued expansion into new markets. We have achieved notoriety nationwide because of rates we can offer and the business opportunity we present."

<sup>1</sup> Ranking based on total revenue growth.  
<sup>2</sup> 98% of Ambit Energy's customers are residential. For purposes of counting total customers, the company converts small business customers to a residential customer equivalent (RCE) based upon their actual usage compared to an average Ambit residential customer from the same geographic area.

**TWEET IT: @AmbitEnergy named world's largest direct seller of energy, 14th in the @DSNUpdate Global 100 List.**

## TIM'S TECH TIME AND RAMBLIN'S

HI THERE ! Still working away in the shop most days.

It has been a VERY busy month. Recall went off in great style this year. The cruise in seemed to be a big hit , and moving events went well. A great group of workers kept things in great shape. Thanks to Nick and crew , judging seemed to go smoothly.

Lew had things under control at the moving events. The girls had a splendid hospitality room again. They had a new helper this year , welcomed Marge Mahan , a long time family friend of Dave Robinson, to the club. I hesitate to mention a lot of names for fear of leaving someone out. Thanks to ALL of you for helping keep the Recall legacy alive.

This year is a busy one for us . We plan on the CORSA convention in Knoxville TN coming right up then Clark's Corvair Bi-annual show , then off to our annual Vermont tour for the 36th year. I think Rita and I, along with the organizers , The Cotrofelds , are the only ones left that have attended every single one.

This week I visited a LARGE collection of corvair parts brought to my attention at the Recall by the surviving nephew. It is a 2 car garage stuffed with late model Corvair parts. There is an original 65 Corsa Turbo there , but in rough shape. A real gold mine , if you wanted to convert a better body to a Corsa. Several motors , including 140's and 110's with and without trans-axles. There is at least one saginaw 66 4 speed unit. A lot of things are hard to see. There are several doors and lids , along with good looking heater duct parts . Several steering columns and wheels are there also. Many buckets of sorted parts hanging everywhere. Also a lot of file boxes , which I did not take the time to go thru. SO , if you want to start a business doing parts sales, here is your start , at a reasonable price. Details? Please call Ron Lotito at (315)436-2630. He is looking to move it all at once , asap and cash deal. I have a PDF file of a few pictures I took there. The pictures are not very good , because of lighting issues , but convey what it looks like there.

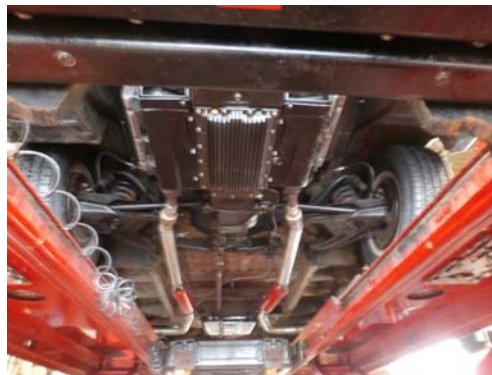

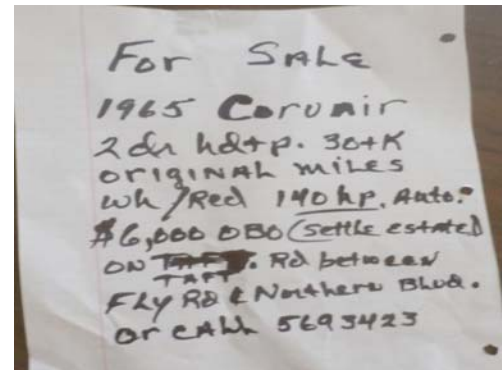

I hope to take a lot of pictures to share at the next events we will be at for future newsletters.

My latest nasty project in the shop is for my own truck. I am getting ready to do the weatherstrip channels and vent window rubber on both doors . This has been a long time dream of mine , along with several other "upgrades". The parts alone for this job are pricey!.

We hope to be at the Port Byron show , but the Wampsville show is a conflict (a real bummer!) with Clark's . We have more conflicts with Ham radio shows and car shows than usual this year. Stay tuned for final plans and the date for a Ron Fausak memorial event. It most likely will be on July 11th. MORE SOON!

## PICTURES EXPLAINED

The first 2 pictures are the 140hp FC setup for sale. Next is the Lakewood for sale. Below is Phil's Loadside , with new custom wheels and tires .I took a picture of the custom (LOUD) exhaust system. Next we have the white 140 Powerglide coupe from Bob Hawes estate F/S.

WE WISH TO THANK ALL THE SPONSORS AND SUPPORTERS OF OUR CLUB AND THE RECALL. WITHOUT THE HELP THEY PROVIDE WE COULD NOT DO IT , PLUS THE WORDS " CORVAIR PARTS AND SERVICES" WOULD BE HISTORY..
