THE PREZ SEZ

August 2016

Sorry about last months, I missed the deadline again, hopefully that is going to be a thing of the past.

Last month I was in Springfield IL for the Corsa National Convention. Also in attendance were Dave and Marge, we all had a great time. It was a super Convention, and I thought it was one of the best that I have ever attended. I would also like to mention the outstanding job performed by the Concourse Judges with the adverse weather conditions experienced that day. To all Judges, Thanks.

Last week, the CNY Corvaire Club has summer get together at Pratts Falls Park, great food, great time, great attendance on a hot summer afternoon. Thank you Gloria for making all preparation and reservations for the Club.

August is here, Wampsville show will be here before you know, so make the most of the summer of 2016 and get those corvairs out there and enjoy them. Till next month, drive safely. Phil CNYCC

ACTIVITIES

Business meetings are held at Denny's Restaurant, 201 Lawrence Rd (corner of Lawrence Rd and South Bay Rd) in N Syracuse. The meeting will start at 7:00 but our waitress is available at 5:30 so you can have something to eat before the meeting if you'd like. Meetings are in the back room, we're given separate checks and if you have an AARP card you can get a 15% discount on your meal.

August 4th — business meeting Denny's

August 6th — Port Byron fire Dept Car show — entry form has been sent in separate E mail

August 14th — VW show Oneida Shores — entry form has been sent in a separate E mail. They have a separate class for the Corvairs so be sure to look for it in your E's. Great show so please try join us even if you don't enter. We always have a really fun day there.

September 1st — business meeting Denny's

September 11th — Wampsville car show — entry form mailed in separate E mail

September 18th — Jordan Fall Festival car show

October — Dave and Marge are setting up a boat tour as we had last year. Wonderful ride there and beautiful tour of the islands

November 13th — annual Corvair family Thanksgiving dinner at Tabatha's

If you have any ideas please let us know. Everything is always subject to change. If there's subjects or projects you'd like covered at tech sessions, please let Tim know so we can plan that too. This all takes advance planning so please try to let us know early enough so we can make our events what you'd like.

Call Tim or Rita at 689-3366 or E mail Tim at N2VZD@aol.com or Rita at ritac44@aol.com

I'll be setting up a schedule soon for next year's activities. If you have something in mind that would be fun for us to do as a group activity for any month that you'd be willing to arrange for us be sure to let me know so I can include it.

Kitchen Corner

We have a real treat for you this month!
Pete & Pam have agreed to share their delicious dessert recipe for their Éclair Cake and Lee & Corrine are sharing their recipe for their Creamsicle Salad. Believe me --- it doesn't get any better than this!

Éclair Cake

1 c water
1 stick margarine
1 c flour
4 eggs

Boil water and add the margarine and melt. Add flour and beat with fork; then cool slightly. Add the 4 eggs one at a time and beat after each egg. Put in a 10x15 greased pan. Bake 30 mins at 400° until golden brown, then cool.

Filling;

1 lrg instant vanilla pudding
3 c milk
8oz cream cheese, softened
large container cool whip
Hershey syrup

Prepare pudding as directed on package with 3 c milk. Once set add softened cream cheese. Beat thoroughly and pour over cake. Let stand 15 mins. Top with large container cool whip and drizzle Hershey syrup.

Creamsicle Salad

3 c water
1 (3oz) pkg cook & serve vanilla pudding
1 (3oz) pkg cook & serve tapioca pudding
1 (3oz) pkg orange jello
1 (8oz) cool whip
1 (11oz) can mandarin oranges

Bring water to a boil and add pudding, tapioca and jello; stirring and bring back to a boil. Remove from heat & cool thoroughly. After cooling put in bowl & add mandarin oranges and cool whip. Refrigerate to chill thoroughly.

TIP; 1) if using metal uncoated pan use A wooden spoon, not metal spoon.
2) Refrigerate for about 24 hrs before serving
3) do not use instant pudding
4) don't do more than double ingredients per pan.

July 7th, 2016

President Phil Domser called the meeting to order at 7:00.

Secretary's report. Motion made by Lew and seconded by Lee to approve that no report was made by the secretary for the month of June since no meeting was held due to Recall. Motion approved.

Treasurers report- Keven stated the balance for the checking account, motion to approve that amount was made by Lew and seconded by Clara. Motion approved.

Old Business-

Recall- Motion was made to pay Lew for his travel with the trailer for Autocross for Recall in the amount of \$100.00 by Kevin and seconded by Gloria. Motion approved.

Dave stated that the photographers have donated their time this year for Recall. Thank you ladies we appreciate the time that you donated for Recall and the fine job that you did for us.

This year's Recall profit was \$846.43 so far and \$456.00 of that was from the raffles.

It was discussed, if next year we wanted to have Recall the last weekend in May or the Second weekend in June it was voted on and Recall for next year will be the Weekend of June 10th.

It was brought up and asked if we should have a food truck attend next year's Recall to sell Ice Cream, water and soda for across the street and it was decided that this is something that will be looked into.

Pam asked if she could look into purchasing more Lanyards for next year's Recall and it was stated that she should check into getting more for next year.

New Business-

Motion to adjourn the meeting was made by Lee and seconded by Gloria and the meeting was adjourned at 7:24.

Respectfully Submitted.

Pam O'Kussick
Secretary.

HELLO AGAIN

Another exciting! month at the "little corvair shop in Memphis NY"

In a word , exasperating. The first episode was getting the 62 Lakewood Monza registered. Got Insurance cards , but it was 3 more weeks before I had time to go to Fulton DMV. First trip , they sent me away needing more signatures on more forms, and to get a certified weight slip.. So I took care of all that (took a week to chase down signer of forms and get car towed to scales) Trip 2 got me another long wait in line to find out they wanted yet another impossible to get form signed. Trip 3 I was so aggravated , I now know why people go nuts and the woman that took care of me looked at it again and said oh no!, to which I told her I had been there 3 times , and followed instructions each time , and the whole process was very unfair , because they did not give me the right info the first time. So she finally put it thru and gave plates. Ok , next story of same "fun?" was when the new owner of the red Lakewood I sold said he had a week off and wanted to get plates. Well , nice guy me (darn good thing!) volunteered to go with him figuring a shoe in because many years ago I had all the papers "preapproved" at that office. Of course they found an impossible to get problem. Well a little magic never hurt any body , so after waving the wand 2 times , he went back and came home with plates.

After all of that , I drove our Lakewood about 15 mile in 90 plus temperatures , came home with it a little noisy at idle , and test oil gauge reading very low. Rev it just a little , and pressure was fine. Well that messed my mind because that motor is all new super stuff. So I took it all apart , and checked bearing clearances. They were of course , perfect. Next step was taking the oil pump apart to check. It looked ok , except a few (not many) fine lines on the edge of one of the gears. I replaced the gears , checked clearances to cover , housing looked like new , put it together , and drove the heck out of it for over 10 miles around the neighborhood. Backed it in the shop , checked oil pressure , and it looks fine now. I am now finishing details on the inside , made a new Delco CD radio fit the pod , and installed my ham radio. Now I am wiring it all up. I took the dash out because the speedo needs calibrating , (I check with a GPS), and the head light switch failed. I converted to a late model head light switch , which is a better design.

The rampy is getting a new cover soon. There are heavy duty custom bows being made to fit the new Oak (as in expensive!) frame. That will make the truck more useable , and look better without that ugly deck box back there.

My next "Phil project" arrived on a trailer yesterday. I get to repair pulled threads in the right Cylinder head. Of course they are the harder ones to do , but I have a special longer tool here for that problem ...somewhere.

We went to the Wednesday night cruise in at DB's in Weedsport when the model T regional tour was in town. What a nice bunch of cars and people! They were from all over the USA and Canada. They spent almost a week here , taking various @100 mile tours every day, using Auburn area hotels as a base , and Bass Pro parking for the trailers. We spent the night sitting with the truck and @70 other cars. They had a fifty -fifty drawing , and other prizes. There was a nice band playing most of the night. We really enjoyed the evening there , and if I was not tied up with weekly Ham radio broadcast duties , we would be there every week.

Our next car show is August 6th , at Port Byron. That is a busy day with the car show., Skaneateles Antique Boat show , and a ham radio show in Trumansburg That I used to like to attend. We will do the car show again this year. It is one of our favorite shows. Next will be VW show August 14th. We need to try to get to the Port Byron show EARLY and together somehow so we park together because they do not save spots or group cars. . SEE YOU THERE!

Thank you Dave and Marge for the pictures they brought back from the nationals. Congratulations to Phil who survived the convention with no phone or camera with him! , but did very good with the Blue Spyder convert , being put in senior class now.
