THE PREZ SEZ

Yesterday the Club attended the Car Show in Jordan NY. The morning started out on wet note but turned out to be a nice day, warm and plenty of sunshine. This show is a great show to attend if you like home made donuts, chicken BBQ's and ham sandwiches on rye bread. No one goes home on an empty stomach, and as always everyone had a great time. We had nine Corvairs at the show and many of our members showed without their Corvaire. It was a fun for all.

The annual Car show in Wampsville NY sponsored by the Mohican Model T Club was well attended by the Club. It was another great day weather wise. We had around 15 Corvairs on display and all had great time.

This weekend is our 2nd annual trip to 1000 Islands. This Sundays trip is under the planning Dave and Marge and includes a box lunch. It sounds like another fun day , hoping for great weather.

The last weekend of this month, many of our members will be traveling to the VICE get together in Vermont. Always a super time, it seems like were always eating. We go on daily tours and never know where until we get there. Looking forward to this Fall getaway in Vermont.

The Editor of the Fan is looking for this column so I better send it in. Till next month, enjoy this great weather while it lasts.

GEORGIA ROVING

by Len Smith

I'm back after my three month hiatus. Part of the reason for the gap was that we were in Central New York for the last two weeks in June to attend our grandson Shane's high school graduation and to visit some friends in the area. The remainder of the gap was due to the hot weather back here in Georgia. We have been having daily highs in the 90s for about the past 2 months. Not too conducive to attending a car show held on a blacktopped parking lot. Also, Sher had her left shoulder replacement surgery on August 3. She really doesn't feel like sitting in the hot sun and is unable to drive her Rambler with only one usable arm. However, I did manage to sneak in a few car-related activities despite the odds.

I attended a few events in June before we left. I made the monthly swap meet at the Atlanta Dragway along with the "breakfast bunch". We roamed the aisles quickly before the heat rose too high. I did manage to snap a few photos of the "deals" and put them on the usual site. That evening, we attended the monthly Maysville Cruise-in and again cut our visit short because of the heat and humidity. A few pictures, though.

While we were in New York, we stayed most of the time with Kevin and Gloria and enjoyed their generous hospitality. Even our pampered dogs got along together. Thanks, Kevin and Gloria, for making our stay so enjoyable. Kevin and I went to a Saturday morning cruise-in at one of the Wegmans stores. I got to ride in Kevin's cool Corvair and was able to see some great cars. I enjoyed scoping out such beauties as a 64 Plymouth convertible, a 50s Lincoln convertible with a continental kit, a couple of street rods, and modified 40s cars. Check out the photos.

Meanwhile back in Georgia, the hot weather continued to dissuade us from attending car activities. Most of the shows in our area are held in parking lots with little shade available. Our car club, the American Street Rodders, held a car show at a new location in Winder on July 9. The hot, sunny day made neither of us willing to drive an hour in a car with no air conditioning to sit in a parking lot for several hours. I guess that we are getting older and crankier. Any, we compromised. We drove our "civilian" Santa Fe (with a/c and other comforts) to the Golden Corral in Winder, ate supper, and drove down the street to the show. Because of the heat, only about 35 vehicles had entered the show. We spent about 20 minutes checking out the entries and then fled back to the air conditioned car. Hats off to those who officiated at the show and those who entered their vehicles. My contribution - I took some pictures and posted them on "Members Photos".

Sher has had her shoulder replacement surgery and is recuperating at home. She starts physical therapy on August 22, so we should see some progress. She won't be able to drive her Rambler for a while, so any shows we go to will be in the Corvair. If the weather gets cooler, I'll have more adventures to report next month.

Well, the weather hasn't gotten cooler, but I braved it anyway. September 3rd brought the monthly swap meet, so I went early in the morning while it was still relatively cool. I found some of the "breakfast bunch", so we went on the prowl to find ways to spend our money. Didn't find too much that we couldn't live without. We checked out some projects, such as 50s Studebaker with an engine swap, a Model A sedan with a later 4 cylinder ohv engine, a 40 Pontiac with its original flathead engine, and a \$500 Fiat roadster project which needed a "little" work. Over in the display area, we perused such beauties as a Tall T Tudor, several rat rods, a couple of Model As, a pink(!) early Falcon convertible, a fuelie 57 Chevy, and a late model Corvair convertible. Check out the photos.

September 10 brought the monthly American Street Rodders cruise-in in Hoschton, postponed a week because of the Labor Day weekend. Both the Rambler and the turbo Corsa fell "ill" that day. The Rambler wasn't getting any fuel to the carburetor and the Corvair was hard to start, ran rough, and stalled. Time to play Mr. Goodwrench soon. Maybe it was a blessing, because the temperatures were still in the 90s, so we had to drive our air-conditioned Santa Fe. The sacrifices we make for our club. Due to the hot weather and a big show in Pigeon Forge, we had only 15 vehicles register at the show. We joined Russ and Leslie and we were joined by Jody and Pam and Pam's daughter Tonya, son-in-law Earl (with his 64 Impala), and grandson Casey. We circled our chairs and yakked. We took a (brief) tour to check out the cars, including Earl's Impala, a purple 39 Ford, a Buick Skylark convertible with a transplanted 455, a red 40 Ford pickup (trophy winner), and our club president's hot rod 34 Ford pickup. After all the door prizes were awarded (we didn't win any), we packed up and headed for home. Now to fix our 2 ailing vehicles. More to follow. Check out the photos.

We will make plans to attend with or without car. Here are a few pics of the completed Monza I took Sunday. You could use them as filler for the next newsletter. Been a real hot summer here in Tennessee. Darrell

September 25th — Dave has reserved the tour boat for Sunday Sept 25th. By moving it to September he's hoping the weather and color will be better for the scenic ride up there and calm waters for the tour. The cost is \$35 per person and includes our lunch and narrated tour of the islands. Dave needs a head count to know if we meet our 20 person minimum. Please E mail him asap at kb2hba@twcnv.rr.com. We'll be meeting at Burger King in Central Square (located at the Rt 81 exit) and leave there at 10:00 for our ride up there.

November 13th — annual Corvair family Thanksgiving dinner at Tabatha's in Baldwinsville on Sunday Nov 13th . Meet at noon and we'll sit down to eat at 1:00. Again it will be served family style and have the delicious feast of turkey, dressing, mashed potatoes, green bean casserole, butternut squash, gravy, rolls, relish tray, pumpkin pie, coconut cream pie, chocolate cream pie, apple and cherry pies, and your beverage. Cost per son is \$25 which includes the dinner, beverage, dessert, and the tax and tip. I need reservations for the dinner so please let me know if you can attend. Call Rita at 689-3366 or E me at ritac44@aol.com.

December — no meeting or event. Happy Holidays!

If you have any ideas please let us know. Everything is always subject to change. If there's subjects or projects you'd like covered at tech sessions, please let Tim know so we can plan that too. This all takes advance planning so please try to let us know early enough so we can make our events what you'd like.

Call Tim or Rita at 689-3366 or E mail Tim at N2VZD@aol.com or Rita at ritac44@aol.com

I'll be setting up a schedule soon for next year's activities. If you have something in mind that would be fun for us to do as a group activity for any month that you'd be willing to arrange for us be sure to let me know so I can include it.

Pam OKussick

Secretary.

Those attending the September meeting: Tim & Rita Colson, Phil & Martha Domser, Nick & Jane Lombardo, Lee Evans, Corina, Pete, Pam & Layla OKussick, Kevin & Gloria Fear, Lew & Clara Halstead, Dave, Dave McCarty, Brendan & Lori Connors, Dave Robinson and Marge.

HELLO AGAIN

Another exciting! month at the "little corvair shop in Memphis NY"
This month a few of us dedicated Corvair people attended the Jordan Fall Festival show . . We had a good time visiting under the club tent and showing off our vehicles We had a few cloudy moments , but no rain.

I got a chance to do a few things on my own vehicles , but still spent hours on the Turbo motor for Phil. It is coming along , but getting the parts that were missing or needed plating or powder coating held me up some. I hope to fire it up soon.

Thanks to Dave , we have the Clayton boat tour again this year. It was fun last year , even if the weather was cool. I bet the weather will be much better this year being a few weeks earlier. I hope people reserve with Dave early , he has to pay the minimum fee soon. . Planning these events for a group requires work in the background , so please make it easier by letting the planners know early! And honoring the commitment made.! These trips are a fun way to use and show off the cars.

We want to welcome our newest members , Laurie and Brendan Connor , to our group. They have a 64 convertible that was purchased at this years Syracuse Nationals . They found us at the VW show. One of my projects month was fixing a few of the worst issues on that car. I rebuilt the carburetors , replaced the bad blower bearing, plug wires, and the generator mount. The next step with that car will probably happen next year.

The few of us that attended the Jordan Fall Festival had a super time. We got there early (8AM) and were surprised by the number of vehicles already in place. This show does not "save spaces" so we have to get there early to insure our very desirable place . We enjoyed lots of fresh made donuts , and other delicious foods , including top notch ham and cheese sandwiches and barbequed chicken under the clubs tent along with Rick Palmers tent.

6 of us will be headed to Vermont next week for a foliage tour. As most of you know , Rita and I have been doing this since 1979 without missing a year.

Locally , a nice event for cars will be outside of Baldwinsville , at the Lysander Community park cruise in . There will be a Fire Dept Chicken Barbeque on site this week (29th). This would make a night of fun for Corvair people to attend.

The white Lakewood (daisy) is running good now , after I rebuilt the oil pump. The gears had a very slight wear pattern on the edges , so I replaced them . So far , it runs great. This is another motor with bigger cylinders , high performance cam , and other upgrades. It has a 69 transmission I rebuilt last winter in it. It now needs all 4 springs and shocks replaced , it handles terrible. It looks very good from @20 ft considering how it was treated in the past. We hope to start driving it more soon.

The Crampside is waiting for me to decide weather I am up to making it roadworthy , or selling it. I am also cleaning out several parts that I am sure I do not need , to sell them . All my turbo parts will go , along with a few other mostly motor parts. There will be Alternators (redone internal regulated) and rebuilt carbs in the lot. What I may do is set a date and have a "garage" sale from the shop. Sure hope we can work it in this season!

I have included pictures from some of the events we attended last month on the picture page.

I want to remind every one that a newsletter is an important part of a club , and in our case is REQUIRED in order to maintain our chapter status with CORSA . Without CORSA , we would not be able to do a lot of the things we do , including the Recall. SO please help support the FAN by submitting articles on time (or even early?) each month. . Many thanks to those who do.

We hope to see you all on our Fall boat tour. Please call Dave now.

Regards, Tim Colson
