THE PREZ SEZ September 21

August is now behind us. Our get together at Pratt Falls State Park was held with great weather that day. We had great turnout that day and plenty to eat. We had a BBQ buffet from Lizards that was super. Thanks to all who worked on the planning on preparations that day, hope everyone had good time

September is upon us, cooler weather, falling leaves, and time to put those Corvairs away for the for the winter. We had a short summer due to Covid but we made the most of it. Hopefully next year will be better without Covid. Stay healthy. Phil CNYCC

PLEASE NOTE

Meetings are returning to the first Thursdays of the month. Located at the OTB Phoenix Sports Restaurant. We have our own room to eat and have our meetings. Meetings start 7:00 — please come earlier if you'd like to eat so we can start the meetings on time. Nov, Feb & March we'll meet on Sundays at 1:00. Meeting at 1:00, come earlier to eat.

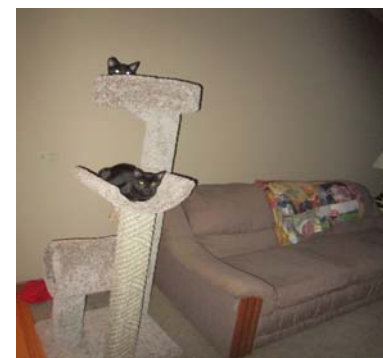

ACTIVITIES

Mike, owner of the OTB has agreed that we can hold our regular Thursday evening meetings the first Thursday of each month. We'll do this starting in April. In November we'll do our meetings once again on Sundays at 1:00 so we can all get there and home safely in the daylight.

As mentioned in the letter I E mailed to everyone in the club I will no longer be trying to plan events or activities. If at any time anyone has an event or activity you'd like to present to the club, please feel free to plan it. Send the info to Tim or Rita and it'll be printed in the Fan.

Call Tim or Rita at 689-3366 or E mail Tim at N2VZD@aol or ritac44@aol.com

If you know of shows that may be of interest for our members to attend let us know so we can pass them on. Since there's little interest in doing activities as a club I'll put the shows on the activity list so anyone interested in going will be aware of what's out there. Be sure to send us the info. Thanks.

TIM'S TECH TIME AND RAMBLIN'S

Greetings from "The Little Corvair Shop in Memphis NY". Some months I have a hard time getting inspired to get this column together. Then I get rolling and run out of space! Sorry I am slow at it, but I am very busy here wondering when I can "retire"

Seeing as we get very little or no input from members for the newsletter, I MAY not put a newsletter out every month. The decision will be made at deadline time. Like everybody else, we have other things going on, BUT I feel it is important that a newsletter be put out there each month, if nothing else to maintain our club chapter with C O R S A.

My life is mostly out in the shop, working hard on tasks to do with the 8 dr van project. Once again I have had not much input from our long lost members.

The annual club picnic was a good time, good food, and very relaxing. The weather was perfect, not as hot as the day before. I got faked out thinking it was going to be super hot again, so I drove the modern car with A/C. It is getting scary again with the Covid variants. The beloved Baystate biannual Clark's show is canceled again, along with our sorely missed annual VT V.I.C.E. tours which has been going since 1979. Some of us are getting older, so every missed year counts against us. We wonder if we will be up to such wonderful travels when it is safe again. Oh well they can't take the memories away from us.

Yesterday I decided to steal some time (not long I hope!) and work on the Rampy. A simple grease and check over, along with replacement of the leaky vent window assemblies.. I may even try to clean it up a little. I did finally get most of the bugs off the front. The truck does not miss many bugs when cruising in the warm weather. It also feels the wind at times, but the latest motor pushes it down the road much better at highway speeds with reasonable fuel economy. Make sure you remember to keep track of grease jobs, tire pressures, and oil changes. It is good practice to look at the oil levels often, even if it is a new car or motor. I look at the dipstick before running the motor mostly after fueling up.

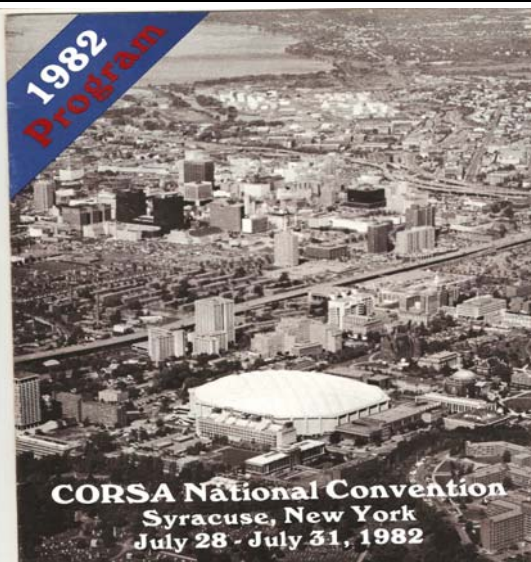

Most of us have been with the club a long time. I think the member who goes back the furthest is now Steve Lackey, not sure. Rita and I came on at a picnic in Sept of 1974. We need (desperately!) more help running the club. We need a secretary and a working vice president. I know it is hard to find younger people with any interest or knowledge of Corvairs, **but we must work on it if this club is going to survive. Think about what happens if just one more of us gets to where we can't help.**

The giant 39th birthday card shown below was handed around at the 1982 Syracuse CORSA nationals. It was hand made by Socrates (Soc) Sampson a TV artist and main guy (Mr Trolley) on a popular TV show back in the 70's. He was one of the early founders of our club, along with his son Jim. There are a lot of signatures on there from people of CORSA, including Bob Helt president at the time and a good Corvair book writer.

The OTB at Pheonix NY has turned into a very nice location for our meetings. Good food (large portions) and a good size room. Also send pictures to the club website when you can. Let the rest of the Corvair world know what's going on here. You must be doing something to or with your vehicles? Let us know what you are doing.

That's it for now From Tim in Memphis (NY).

Your Hosts:

The Central New York Corvair Club

The Central New York Corvair Club sprung into existence in October of 1972 when sixteen interested people gathered at a Harvey's Restaurant on Erie Boulevard here in Syracuse to form the Club.

Since 1972, the Club has gone through many phases and has seen a variety of members from virtually all professions and all walks of life. Among some of the professions represented in our membership are an insurance salesman, a dentist, an anesthesiologist, a state trooper, a manager of a local Burger King Restaurant, two service station operators, a lawyer, and others too numerous to mention.

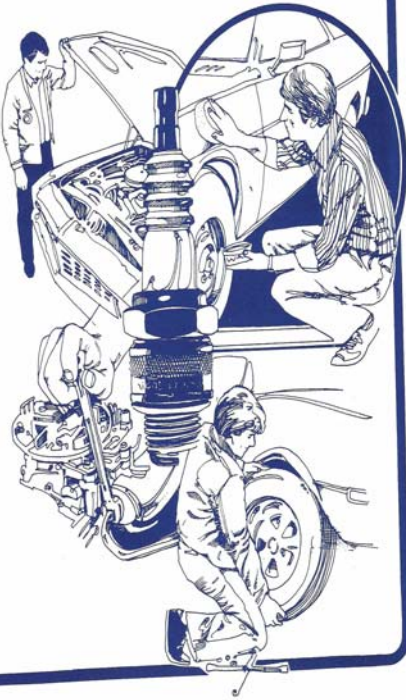

These members, coming from such diverse backgrounds, have one thing in common -- an enthusiastic support for and interest in the Corvair, and a good deal of fellowship which we feel is an essential element of a club and one which is too often forgotten in a club such as ours.

Throughout the year, our Club, in addition to its monthly meetings at which we attempt to involve and interest the women, engages in such activities as sponsoring car washes, showing cars in the annual Motorama conducted at the State Fairgrounds here in Syracuse, sponsoring a Christmas party for members, attending picnics,

sponsoring rallies, and attending many functions of other similar clubs such as the Sports Car Club of America (SCCA), to which some of our members belong.

We hope you enjoy your stay in Syracuse during the 1982 National Convention. If there is anything we, as members of the Central New York Corvair Club, can do to make your stay more enjoyable, please do not hesitate to call upon any of us to assist you.
