TIM'S TECH TIME AND RAMBLIN'S

Greetings from "The Little Corvair Shop in Memphis NY". Some months I have a hard time getting inspired to get this column together. Once again I have had not much input from our long lost members.

Also please send pictures to the club website when you can. Let the rest of the Corvair world know what's going on here. You must be doing something to or with your vehicles? This fall has been very hard for me. Rita was not feeling good for a long time before she finally gave up and passed away. So I have not been able to do much in the shop in so long I have to start from scratch.. Also , she used to get the Fan setup for me to fill in. That means another learning curve for me along with learning how to take care of myself .Cooking etc was something I never did much of. It will take a long time to get things under control here. Life is now VERY different here . It is now her 2 kittens and me . I did escape last Sunday by taking a long @150 mile ride in Rampy up along lake Ontario west. I am not going out much right now. I have plenty of things to take care of and try to catch up on.

I really want to thank the club members for the tremendous support at the funeral. I was overwhelmed by it all. And those that traveled so far! I wish I had been able to spend more time with everyone. Thank you to Elaine and Bud Kaiser for everything and Joane and Clark also for driving so far to be there! The response from Corvair and Ham radio groups was huge. This has been and will continue to be very hard for me to get over.

She and Gloria started the hospitality room concept at Recalls way back in the beginning. I hope the club can somehow work to continue that tradition.

I have parked Rampy for the winter now , they did a heavy salt job on roads out here this week after the 5-6 inches of snow.I did get a few miles on it in spite of things this year. I bought a portable folding step to hel her get into the truck. We drove on a few 1/2 day trips this summer so we did not have to stop anywhere to eat etc. I hope to finish my commitments in the shop then do some of my own work. Rampy needs door weatherstrips and clean up. I want to paint the bed area with something better. It will never be a "show quality" truck again , but I want to keep it nice enough to drive and enjoy. It runs very good now. I also want to put the coupe back together and drive it. It needs a few things done to it then some kind of a paint job.

I hope to keep this newsletter going , at least 4 times or more a year. But it is a lot of work and will take help to get material together for each issue. After all that , I hope somebody reads it! I also want to get more pictures together for the websites soon.

The club must work on a plan to entice more members , maybe even a few younger ones to help us. Any Ideas? One member who left us after selling the Corvair now is at the national level with the Buick Century she purchased. The Corvair is being showed in Ohio now. We need more of that kind of enthusiasm to work with our club..

I hope to be at the club Christmas party. I will send out info on the party when I get it here.

From Tim in Memphis (NY).
