I need help! I found TONS of recipes here. One bunch is marked "all time favorites do not lose!!

So they are handwritten or cut outs she had in a separate area. (there are shopping bags full of recipes here) So I need a typist to volunteer to type some of them into a simple text files for use in the newsletters. Can anyone help? I would like to keep her column alive with help. Contact me by email please. n2vzd@aol.com

TIM'S TECH TIME AND RAMBLIN'S

Greetings from "The Little Corvair Shop in Memphis NY". Some months I have a hard time getting inspired to get this column together. Once again I have had not much input from our long lost members. There just is not much going on out there. The group working on this years Recall is coming along nicely. It will be different, but surely a fun time. I think that location will be fun and the owners are very willing to help make it a success.

My biggest worry right now is making sure my truck is reliable to drive and enjoy. I took one long ride a few weeks ago with no issues, purred along at highway speeds or more running great. Easter Sunday I took a ride towards the lake, but @30 miles out it died out on rt 370 with a big HUHHH. After sitting a minute it restarted. I did a U turn headed back home with 4 or 5 more episodes. I put it back in the shop and will look at it when I feel better. It is full of COSTCO high test so probably a vaporlock issue or maybe a weal fuel pump. I intended to install an electric pump with a switch for priming after sitting, and situations like that. All these simple operations are very hard for me right now. I would be devastated if I cant make it to Waterloo and the Recall. Safely. I was dreaming of more travels in the truck this year, so when it acted up I was extremely upset. I am not feeling good about my abilities to work much now. I have so much I want to do but cant now. I have 2 motors apart waiting for me to clean parts and assemble, one being the club display motor. No interest shown so I am no longer stressed about that one. I am just plain burned out!

Phil and Martha went to the Helen Georgia show again this year. They took pictures with the phone and sent me a few. They are below, Thank you for those. Maybe we should have a quick class on basic photography for everyone to try to stir interest in taking/composing more pictures. For everyone to enjoy. Also I miss having a place to set up the projector and showing some of the Corvair related movies I have. I am so down on that I may even consider selling my projector. Well that's about all I have this month, getting even harder to put a news blurb out for me, plus I will be starting radiation and chemo this Wednesday morning. I now have 3 tattoos indicating where to aim radiation machine every day for @30 days or more, then more MRIs and CT scans. It is a new life to endure alone.

I was hoping a few more Corvairs would join lonely old me at some of the really nice shows I like this year as a group? I know how hard it is to organize, but I plan on the Waterloo show, Fairhaven, Fast Eddies in Cato, Port Byron, The Orphan show in Minoa, subject to not conflicting with some of my Ham radio shows. (also subject to Covid restrictions). As we get closer to show dates, I will post all the information I can. IF YOU get something that I might not, PLEASE send it to me. It is getting harder every month here to do these things. Also remember I do not have a proof reader here anymore.

From Tim in Memphis (NY).
