TIM'S TECH TIME AND RAMBLIN'S

Greetings from "The Little Corvair Shop in Memphis NY". Some months I have a hard time getting inspired to get this column together. Once again I have had not much input from our long lost members.

I WONDER HOW MANY MORE YEARS I CAN STAND TO DO THIS NEWSLETTER. It is important to keep a newsletter going to maintain our chapter status with C O R S A>

My truck is still not done. I have replaced the head , but strange things have happened while apart not related to the bad seat and valve guide testing my patience. Starter drive went bad , and possibly the fuel pump.. Corvair fuel pumps are getting to be a problem. Mine just plain quit pumping while sitting. I have checked everything out.. I HAVE A NEW PUMP COMING IN THE MORNING. It has a lifetime warranty. I am so sick of pump failures!. I have plans to build 2 more motors soon , one may be for Rampy.. My shop right now is crammed with work to do , but I am working slowly and not without aches and pains. I am registered for Port Byron and Jordan , but not sure if I can be there with Rampy Yet. Yes I am very unhappy about how things have gone this year.

other projects looming are Carburetors and Alternators for the new motors. I was able to get 5 of the internal regulated alternators as cores to build. Used ones are getting scarce.. It also takes time and chemicals (not cheap!) to clean and refurbish all the parts involved In a motor project . These parts are getting older and in rougher condition.

I am looking for help getting my coupe painted now. It is mostly apart waiting. It also needs a small amount of other work .That car should be fun to drive, it is very perky on the road with that cam and cylinder combination..

IF YOU get something (pictures , stories etc) that I might not , PLEASE send it to me. It is getting harder every month here to do this newsletter. Also remember I do not have a proof reader here anymore .

NOTE: PLEASE everybody completely fill out a membership form (back cover) and turn it in so we have up to date information

From Tim in Memphis (NY).
