2022 CNYCC OFFICERS

Hello again. This month has been working on Phil's van , and a "new" motor for my pearl white Lakewood monza. The motor runs great. I put .020 cylinders , and a FC cam from Ken Hand in it.I used rebuilt 95hp heads hoping to be able to run regular or mid grade gas.I will have a 3:27 differential in it. Right now I am focusing on a deep cleaning of this house with the help of my new friend. This house has not had proper attention in many years. There will have to be a large garage sale this spring to clear out her stuff , and a lot of mine. My medical issues are slightly better , so it will be a long time yet for a normal lifestyle.. My shop is full of things to do . I am trying to get my Lakewood done before Waterloo show , and Phil's van done enough to move it soon. Not sure if I will ever finish the coupe , or sell it (if enough money) as it sits. It has a ton of new p[ar]ts to install , so I piled it all in the car for now , and put it in the garage. I will do a few things to Rampy when the lakewood is done. That's it for now From Tim in Memphis (NY).
