Bacon and Egg Breakfast Tarts Makes 4 small tarts

" Perfect selection for a brunch, but also convenient enough for serving on a weekday. Instead of Canadian bacon, try using 1/2 cup diced cooked ham or 1/2 cup crumbled cooked bacon. Place 2 tablespoons of meat into each pastry cup. "

- 1 (11 ounce) package pie crust mix
- 1 (6 ounce) package Canadian-style bacon
- 1 cup shredded Cheddar cheese
- 4 eggs
- 1/4 cup milk
- 1/4 teaspoon ground nutmeg
- 1/4 teaspoon ground black pepper

Directions

- 1Preheat oven to 425 degrees F (220 degrees C).
- 2Prepare pastry for a one crust pie as directed on package. Divide pastry into 4 equal parts. Roll each part into a 6 inch circle on a well floured, cloth covered board with a floured, cloth covered rolling pin. Fit pastry over backs of large muffin cups (3 x 1 1/2 inch), or 6 ounce custard cups; make pleats so pastry will fit closely. If using individual pie pans or tart pans, cut circles 1 inch larger than inverted pans, and fit into pans. Prick surface. Place tarts on an ungreased cookie sheet.
- 3Bake until light brown, about 8 to 10 minutes. Cool 5 minutes, and carefully remove from cups. Reduce oven temperature to 350 degrees F (175 degrees C).
- 4Place 2 bacon slices in the bottom of each pastry cup. Sprinkle cheese over the meat, making slight well in centers. Break 1 egg into each. Add 1 tablespoon milk into each tart. Sprinkle with nutmeg and pepper. Place tarts on an ungreased cookie sheet
- 5Bake until eggs are soft cooked, about 15 to 20 min

TIM'S TECH TIME AND RAMBLIN'S

This month has been another busy one. It was nice to see good attendance at the last meeting. Sorry to see OTB go , they did a nice job for us.

I also found a brand new universal towbar in my shop I no longer need \$75.00 The headlights pictures are a set of 4 costly halogen that I want to sell. All sorts of things in the shop need to be sold.

I have decided to sell the 64 air-conditioned coupe as is (\$6000 OBO) lowered price. It has everything it needs , including all hardware to put it together. Runs good! Strong motor all new including transmission and differential.I can no longer do a lot of things in the shop. I am struggling to do the things needed on the Lakewood to get it on the road. So many other projects out there to do yet, motors and other work. I have the powerglide apart to replace a suspected broken E clip in the throttle body. Now not sure I will keep the wagon now. Just too much going on here now. We attend radio club events and a few select car shows. Several conflicts this year keep us hopping on weekends.

Working a little on the 8 door project , wiring in a 4 way switch , repairing the steering wheel , making block off plates for heater -defroster holes in floor . I still have to work on the doors . Came here with no glass or regulators , and no latch on the "8th" door. So it has been a hard job getting things working.

We all are getting older. I hope some of the newer blood can take over some of the important club chores. I need someone to take over the newsletter , which is a requirement for staying as a CORSA club.

Another project I want to finish up is the club trailer display. The motor from Ron's needs oil pan leak fixed and a stuck lifter fixed, probably replaced. It also needs some redesign of the control panel. I cant do this alone any more.

I hope we can all get to this years Jordan Fall festival together again , those type shows make for a fun relaxed day. The same for upcoming Port Byron and the VW show.

I hope to a lot of you at the upcoming meeting this week Thursday at the R.F.H. hideaway north of Phoenix on RT57. We try getting there by 5 to eat before the meeting.

I am dealing with a lot of things right now , so not enough time to do a proper newsletter.

That's it for now From Tim in Memphis (NY). http://cnycorvair.com/Little_Corvair_Shop.php
