### President's Column

Our trip to Fairport NY was a great day except for the weather, what else is new. Great coffee and donuts, was terrific tour, and a great place for lunch. Everyone enjoyed them self and those who could not attend missed a great day. Thanks Rita and Tim for all of their planning on this trip. Thanks also go out Jeff of the Acorns and all members of Acorns for their attendance. We will definitely get together with the Acorns in the near future, they are great group of Corvair people. With all the rain, we still had 9 Corvairs driven that day, and a great turnout.

Our next group trip will be to Norwich car show on Sunday May 29Th at the Norwich Fair Grounds. It appears to be another great show and Flea Market. We have a few Corvairs joining us from the Albany Corvair Group. Looking forward to meeting those members for a great day in Norwich NY.

Our monthly meeting will be held on Thursday June 2Nd at Denny's for final preparation for our Annual Recall. Our Recall to be held On June 10Th, 11Th and 12Th, hopefully will be another great event. Our guests for the weekend will be Cal and Joan Clark owners of Clark's Corvairs, and selling parts over the the computer on Saturday only, at discount. In addition to our yearly events, Concourse, Motor Cross, Valve Cover Races, etc., We will have a Flea Market set up for Corvair parts, used tools etc., so feel free to bring your extra car parts that you would like to sell. Flea market vendor spaces will be free.

That's all for this Month, I'm on my way to the Corvair Ranch in Pennsylvania for an open house, lots of good used parts. Jeff at the Ranch is a super guy to deal with, give him a call for your Corvairs needs. Hope to see you all at the Recall. Phil

**ATTENTION CNYCC MEMBERS:** Once again this year when Recall 2011 starts, an entry will be available on your menu so you will be able to upload your Recall pictures to a page dedicated to Recall 2011 photos. This will join the other menu entries that already enable you to upload photos to the Member's Photo page, add comments to the Comments page, share your technical expertise on the Tech Tips page, list items you would like to buy or sell on the For Sale page, and build pages to showcase your cars and projects on the Member's Pages. So, bring your cameras to the Recall and let everyone see what you see. You can optionally send the Recall pictures to me at [pics@cnycorvair.com](mailto:pics@cnycorvair.com) and I will upload them.

### Support Me in Tour de Cure!

My name is Peter O'kussick on June 12th my two daughters and I will be riding in the tour **de cure**, we thought it would be a fun way to raise money to help a good cause. I was diagnosed with type 2 diabetes 12 years ago and I am on an insulin pump. This disease is a challenge and a struggle to live with every day. It is a very big life style change and not everyone can accept that change easily. Diabetes is a disease in which the body does not properly use insulin. Insulin is a hormone that is needed to convert sugar, starches and other food into energy needed for daily life. There are 23.6 million Americans living with diabetes, a disease that is outpacing heart disease, cancer and AIDS. If we don't act now, one in three children born in the year 2000 will develop diabetes in their lifetime. My goal is to raise at least \$150.00. I have decided to ride the 62-mile course. I am asking for your help. By making a donation on my behalf, you will be helping the American Diabetes Association fund critical research for a cure. Please help me reach my goal by supporting me for this years **tour de cure. Help Make a Difference in the fight against diabetes!** No matter how small or large, your generous gift will help improve the lives of nearly 24 million Americans who suffer from diabetes, in the hope that future generations can live in a world without this disease. Together, we can all make a difference!

Thank you for making a generous contribution to this cause that is so important to me!

For donations, Please go to [www.diabetes.org/tour](http://www.diabetes.org/tour) click on the red Donation button, type in Peter O'kussick and click find, click on my name (or one of my daughters) then click on the "click here to sponsor me" button above the progress bar and follow the directions. THANK YOU for your donation, it means a lot to my daughters and me

We are having our very first car show and would like to know if you could add this to your website please, thank you.

## TIM'S TECH TIME AND RAMBLIN'S

GREETINGS AGAIN, from my little shop in Memphis, NY.

as usual, I have been extremely busy here. I ended up spending a lot of time (unwanted!) on my truck. The transmission failed after over 4500 miles. It looks like something is not working in the valve body. I put an extra unit in from the shelf without checking it out, and that one has a different problem. So, (by now I am tired, sore beyond belief, and very MAD!) I took the new powertrain (140 with 2 carbs) out of the lakewood, and installed it in the rampy. The transmission works great, the motor runs ok, but could use a touch more power, (now MUCH better after distributor recurve). This motor and trans was built before we moved, so it sat a long time. I also found dirt in the gas from the lakewood...so cleaned the new carbs!.

It is now about time to get back on Phil's huge project, but I have to get a lot of ham radio things ready for the last week in June.

I think I have finally overdone it!

Greetings to the new members, John Caulkins with a nice restoration project on a 61 Lakewood (see pictures elsewhere in this newsletter), and Fred Marsh with newly acquired Rampside from Hannibal NY area. Turns out I owned it a LOOONG time ago.

it is always nice to see these projects taking shape.

We had a real nice time on last month's tour. Wonderful collection of "old things" to admire. The meal afterwards, was a nice gathering also. We had a few from the Rochester area join up with us. All in all, it was fun in spite of the ugly weather. A huge thanks go to our host's the Sharp's. Howard has done the History Channel "great race tours" for many years. Most of his tours have been in cars built in the teens!. I put a couple pictures below.

Well, it is RECALL time again. I hope you all join us this year. The new location (for a few years now) is working out very well. Plenty of space to do it all. Nice hotel, and the large open spaces (complements of FAST TRACK local headquarters) is great. We plan on vendors this year, along with the rest of the normal activities (including a valve cover track made to specifications, including an electronic win detector!) for all to enjoy. Word has it that the local VW club (air cooled?) will be showing up to try our course and timer.

There will be a food vendor on site. Of course, our girls will host the long renowned "hospitality room"

Come and meet Joan and Cal Clark of Clark's Corvair Parts also. They are here to relax and meet people, but they will set up a computer for a short time and take orders, offering a "convention discount". So bring your orders with you.

That's it for now, I need to go clean up my latest oil spill.....

**Also plan ahead with the car show listings I send along.**
