I need help! I found TONS of recipes here. One bunch is marked "all time favorites do not lose!! So they are handwritten or cut outs she had in a separate area. (there are shopping bags full of recipes here) So I need a typist to volunteer to type some of them into a simple text files for use in the newsletters. Can anyone help? I would like to keep her column alive with help. Contact me by email please. n2vzd@aol.com

TIM'S TECH TIME AND RAMBLIN'S

Greetings from "The Little Corvair Shop in Memphis NY". Some months I have a hard time getting inspired to get this column together. Once again I have had not much input from our long lost members. There just is not much going on out there. I have not been able to get out in my shop yet because of so much "business" going on here yet.

I have jumped thru the hoops to get the 64 coupe with factory A/C registered in my name again. It was in Rita's name to her Ham radio call sign plates on it. I kept insurance on it. Now to get paint of some kind on it. It is all apart waiting. For paint and details. It is a very good running car.

Well all plans are now messed up. The rampy motor sounds like a head gasket is failing. So I must work on it as quick as possible because I am not sure how much work I can do after the 2nd week in March. I am working as much as I can out in the shop and still stay on top of everything else here.. Lately Medical appointments are taking much of my time. Hope it is over in time to enjoy summer more than the last few years.

One of my major projects is almost done (I hope!), so that will free up space in my shop and let me work on Phil's van. I also have a large punch list for my Rampy. And then there is the long lost coupe waiting for paint work. It does not do it any good sitting so long unused. It is such a fun car to drive. I have other projects waiting here , such as another motor rebuild , and the club display trailer. I would like so much to get that out to shows with a shiny turbo motor running soon. I can not lift much anymore , so it is hard for me to do much. Getting the motor off the trailer is an awkward job. There is a ton of work involved just cleaning parts. The other thing is to design a cover with features needed.

The group working on this years Recall is coming along nicely. It will be different , but surely a fun time. I think that location will be fun and the owners are very willing to help.

I was hoping a few more corvairs would join lonely old me at some of the really nice shows I like this year as a group? I know how hard it is to organize , but I plan on the Waterloo show , Fairhaven , Fast Eddies in Cato , Port Byron , The Orphan show in Minoa , subject to not conflicting with some of my Ham radio shows. (also subject to Covid restrictions). As we get closer to show dates , I will post all the information I can. IF YOU get something that I might not , PLEASE send it to me. It is getting harder every month here to do these things. Also remember I do not have a proof reader here anymore .

From Tim in Memphis (NY).
