## THE PREZ SEZ

### THE PREZ SEZ

Our summer get together at Pratts Falls State Park was held on Aug, 17th. The weather was poor, windy and cold and off and on light rain showers. We had good a good turnout and plenty to eat. Kevin again did the cooking along with his daughter, they did an amazing job on the grill. Nobody went home hungry that day.

The Car Show in Jordan NY is on Sept 22nd, another great show with plenty to eat. This show always has a large turnout of cars so plan on leaving early to get a good spot at the show. Sept. 5 th is our next meeting. Meeting starts at 6:30, see you there. Phil CNYCC

**Meetings are on the first THURSDAY .**

**AT JAKE'S Grub & Grog at 916 Riverside ,Brewerton. (The old "Castaways")**

**Meetings start 6:30 PM  
please come earlier ( @5PM) if  
you'd like to eat so we  
can start the meetings on time.**

It's kind of fun  
to do the impossible.

MEETINGS HAVE MOVED!!

## **NOW AT JAKE'S Grub & Grog at 916 Riverside , Brewerton. (The old "Castaways")**

**MEETINGS START AT 7 SO PLEASE ARRIVE EARLY TO EAT BEFORE THE MEETING.  
MOST GET THERE @ 5PM.**

MEETING ADJOURNED 6:52 PM BY PHIL

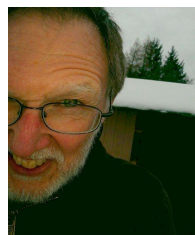

# Kitchen Corner By Rita, KC2GFT

## CHICKEN ALMONDZINI

3/4 c. mayonnaise  
1/3 c. flour  
2 tbsp. chopped onion  
1 tsp. garlic salt  
2 1/4 c. milk  
1 c. shredded Swiss cheese  
1/3 c. dry white wine  
7 oz. cooked spaghetti  
2 c. chopped cooked chicken  
10 oz. pkg. chopped broccoli, thawed and drained  
1 1/2 c. sliced almonds  
4 oz. can mushrooms, drained  
1/4 c. chopped pimiento

Combine mayonnaise, flour and seasonings. Gradually add milk; cook over low heat, stirring constantly until thickened. Add cheese and wine; stir until cheese is melted. In large bowl combine mayonnaise and pimiento; toss lightly. Pour mixture into 11 3/4 x 7 1/2-inch baking dish. Top with remaining nuts. Bake at 350 degrees for 40-45 minutes or until thoroughly heated. Serve with grated Parmesan cheese if desired.  
Yield: 6-8 servings.

NOTE: Rita was also a licensed amateur radio operator and was very proud of her achievement getting the General Class ticket (next to top level!). She also did recipe columns for both local radio clubs, so her call sign, KC2GFT, shows up on most of her work and her cemetery stone. She was well known in local ham radio activities.

TIM'S TECH TIME AND RAMBLIN'S

Well here I am again with no ideas on what interesting things to write about that would make decent reading.

I still dream of getting back to Vermont , even if just a short trip to southern areas we enjoyed. So many places and good eating spots to see. I hope a lot are still there including the cozy motels. Right now I feel very tied down , mostly because of medical issues.

I have not much to say this month. I even forgot to go to the last meeting . I was not feeling good most of the day , and did not even think about the meeting until Phil called to remind me (from the meeting) so it was too late to go. I really felt bad about that .I hope to do better from now on.

I did get to the VW show for a while until it started raining when awards were given out. Only Corvair there was Phil's load-side.. Phil , Martha , Lew and Clara Halstead were the only Corvair people I found there, way different from the past when we always had a good size group making a fun day of it. The show has changed how it runs now , but I wonder if they will go back to the old ways again because of response? I hope we do better at the Jordan Fall Festival as a group. Not sure I can get there as early as I used to ,to secure our prime spot around back. It is much more fun to be there as a group. This season has really gone by fast. I have not driven Rampy that much for one reason or another. I need A/C now when it is super hot , and sometimes I am not near home when a show is on. I miss taking weekly day trips in Rampy or even modern car.

It is not very often now that I can work in the shop. I am still pecking away on the 8 dr van when I feel good enough to bend under the dash. It has a lot of challenges to get through yet. There is a FC motor project waiting also.

The huge undertaking now is just getting rid of things in all areas. That includes the 64 A/C coupe dream car project. I bought everything needed to put it together from Clark's. I drive it up to the corner and back once in a while to keep it alive. The gas in it is old now and needs refreshing. It has Stabil in it , but how long can you expect it to hold up? ..since 2016!

As the season winds down I am preparing for left shoulder replacement soon. That will probably hold me down quite a while. I am not looking forward to it , but the pain is what keeps me from doing a lot of things , including sleeping.

I am fortunate to have a volunteer coming weekly to mow my lawn . It takes between 2— 3 hours each week.. He misses mowing his former property after moving into a condo , so he is happy to do it. A win situation for both of us.

Several times at meetings of all kinds , the subject of lack of younger people getting involved with club activities, You wonder how long clubs will last without more younger help? Same with car clubs , radio clubs , and other hobbies I have been involved in over the years. Somehow we must get kids of all ages away from keyboards and cellphones and interested in hobbies .

My ongoing project is making all extra things go away as I can and still do a few chores around the house and shop. What's going to happen with the amazing amount of car , computer , and radio electronic including books "stuff" is still hard to deal with.

That's it for now, thanks if you read this , From Tim in Memphis (NY).

[Little\\_Corvair\\_Shop.php](http://www.cnycorvair.com/Little_Corvair_Shop.php)

Met this interesting guy at a cruise in at Clay Town Park weekly Tuesday cruise in / music event Nice truck with fuel injected 318 motor. This is another fun local event with lots of cars that would welcome a group of Corvairs. 50/50 and food available!

PHILS LOADSIDE AT THE VW SHOW THIS YEAR> The only Corvair there!

WE HAD A NICE ANNUAL PICNIC AT PRATTS FALLS AGAIN THIS YEAR IN SPITE OF GLOOMY WEATHER

REMEMBER WHEN?

A club party years ago at Gloria and Kevins with Elvis , TomGilbo. He was entertaining at Clay Town Park a few weeks ago.

## PICTURES

Most of these pictures are of my stuff, including my former speedometer work area. That calibration machine is now very rare and hard to find.. Magnatizer / demagnetizer is home made , works much better than the commercial one back in 60s. BUT you have to know how to use it. I learned how to make it and use it back on 1968 at GM tech in Warren Mi. for United Radio in Syracuse , the warranty repair shop for AC /DELCO .

The 64 A/C coupe is for sale, another of my uncompleted dreams. It is a strong running , good driving car all rebuilt to drive and enjoy. It came from rust free Texas. I bought all new parts for it , redid all the hardware and brackets etc. EVERYTHING is there easy to find , hardware cleaned , or replaced , lights and lenses , its all there. I have replacement windshield with it because of a wiper burn (not that bad but) with new gasket. Just about everything mechanical was redone @ 2013 or just before. We drove and enjoyed it until 2015 when I thought I was going to be able to do some kind of better looking paint job. But several things happened to make that impossible , so I covered the bare spots with primer to protect for now. Brakes wheel bearings (all 4) are new. It runs and drives fine. It is peppy and a nice sound thru 2 stock mufflers with 2 new 140 manifold kits. If you have any interest in doing a good early without going thru rust repair this should be looked at. I am open to offers , but please think about what it would cost you to do the motor , differential , and powrglide rebuild along with other work done , and the hard ? To find Hands wheels that come with it. There is a older sungaurd cover with it

I can be available most times of the week except Fridays now between doctors appointments. I am just North of the Thruway between exit 30 and 40 not hard to find with my simple directions.

It is stored in my shop waiting for you.

# 2024 Jordan Fall Festival Car, Bike & Truck Show | September 22nd

**Pre-Registration - \$10** (Postmarked before September 13th) **Day of Show Registration - \$15**
