## THE PREZ SEZ

Sorry I missed the show in Jordan NY, but I had someone to fix my Spyder coupe on that day. But he had to cancel at the last minute. I missed another great show, I will probably put my son to work this weekend on the Spyders.

The weather this past week has been terrific. We had about 12 days without rain. This is also a good time to take that Corvaair for a fall cruise to see that fall foliage. Apple cider and donuts are also on the menu.

Next meeting is set for October 3rd at 6:30 pm at Jakes, be there around 5 to eat. That's all for this month, see you at the meeting.

Phil CNYCC

**Meetings are on the first  
THURSDAY .**

**AT JAKE’S Grub & Grog at 916  
Riverside ,Brewerton. (The old  
“Castaways”)**

AGAIN this year , thanks to webmaster Jim, we have an entry on the member menu at the club website to upload Recall 2024 photos , if anyone has any they would like to share.  
<https://www.cnycorvair.com/CNYCorvair.php>

TIM'S TECH TIME AND RAMBLIN'S

Well here I am again with no ideas on what interesting things to write about that would make decent reading.

I still dream of getting back to Vermont , even if just a short trip to southern areas we enjoyed. So many places and good eating spots to see. I hope a lot are still there including the cozy motels. Right now I feel very tied down , mostly because of medical issues. Feel VERY tired all the time , no matter how much sleep I get.

I am trying to get used to my newly professionally updated laptop .First issue is compatibility of the program I use to do the newsletter. I most times use 2 or more computer systems when working on it moving between locations. Just another learning curve I do not need.

The big thing this month for me was attending the Jordan Fall Festival car show. This is a big thing for me every year , and it used to be a good group fun day for a bunch of us Corvair owners. One reason or another participation was only 3 of us this year , Gloria and Kevin , Bruce and Marty with Me. I worked hard to be there early to save spaces , not easy to do. A nice guy with a pristine restored 32 Franklin coupe showed up right after I got parked . He was looking to park with Corvairs as another air cooled vehicle. My truck still draws attention , but that beautiful Franklin stole the show (rightfully). All in all , it was a nice day and well attended. They announced that there were 548 cars registered. Looked like more to me. Memories include our group setting up a tent with tables and chairs and having snacks and a great time. This year It was 6 of us sitting around having a good time talking and meeting people talking about our vehicles.

Sometimes we had to rush home from our annual Vermont tour .that morning to be in the show that made for a long full day!

I miss our annual Corvair group Vermont tours. They started in 1979 thanks to the hard work and organizational skills of the Cotrofelds (Cotrofeld Corvairs ) in That area. Started as a large group touring areas in that are , many of which the general public would not be able to see. So many memories! 2019 Covid trashed the concept , and sadly many of the original group have passed away , including my wife Rita in Oct 21 on Halloween , her favorite holiday. So now I would just love to revisit that wonderful area , but wonder how much has changed. Our choice motels and restaurants have probably all changed or gone away.

We had a garage sale here for 3 weekends to try to sell some of the mountain of stuff here. A lot went away , but still a lot to go someday. Now we have to pack it away to make room in at least 2 of the 3 garage bays. It was long hard work , and watching a lot of her stuff go away at prices so low knowing how much she paid for it was not easy. LOTs was purchased at gift shops on our trips or at Vermont country store in person or online.

I have my own large mess of stuff to move on also , including Corvair , Ham radio , Computer things , and a lot of books and literature. So that's my life now , trying to slim down in more ways than one in between medical appointments etc.

I look forward to a comfortable winter after I get my shoulder replaced. Not going to be easy for a while , and I hope I can keep this newsletter going. So far no offers to take it over. So that means you are stuck with what I provide...

That's it for now, thanks if you read this , From Tim in Memphis (NY).

## October News You Can Use from your CORSA Board of Directors

We hope everyone is enjoying the fall weather and getting those cars on the road! There are many car shows throughout the country that need our Corvairs to be on display. Where there is a Corvair, there is a crowd of people circled around sharing their stories and asking questions! Corvair chapter events are still underway in many areas of the country, and we encourage you to attend one soon.

CORSA Needs YOU! When you are at those car shows or club meetings, we need you to talk about CORSA! Make it personal and share your story of why you are a member and the benefits. Help us bring in new members! Need help with what to what to say? Download brochures with all the information. [Chapter Publicity Materials \(corvair.org\)](http://corvair.org)

Need more to get someone to join? New members who have never joined CORSA before can receive a copy of (the must have book) *Corvair Basics* for free with the paper membership level.

Show your CORSA support with a window decal on all your Corvairs- new, never members before, get one free in their welcome packet. You can also buy one here: [Sales Through CORSA Warehouses \(corvair.org\)](http://corvair.org)

Speaking of shows- we hope you enjoy this Convention issue of the *Communique*. Read through it to see all the results and convention perspectives. It was a great event, and Dayton was a wonderful host city. Thank you to the three clubs for working together for our enjoyment.

Next up: California, here we come for 2025! Come with your car or yourself to Santa Maria, CA, May 20-23, 2025. It is a wonderful area for vacations and the host chapters have events and tours to make it a great vacation. CORSA is excited to have a western division convention. Look for information about the convention and hotel reservations in the November issue of the *Communique*. To start your planning, read about all the great places to go and see! [Visitor Guide | Santa Maria Valley and Central Coast California Tourism - California Central Coast \(centralcoast-tourism.com\)](http://centralcoast-tourism.com)

The 2026 Convention will go east to Gettysburg, PA. We are looking for Central Division chapters interested in hosting for

Corvair Fans come join the Central New York  
Corvair Club. We are a fun group! We have  
an outing every month and a business  
meeting once a month. We have tech sessions  
every once in a while. We would like new  
members and new ideas. We are a very social  
group and wives are always invited. For more  
information please call Kevin or Gloria Fear  
at 315-492-9553. We hope to see you at the  
next meeting.
